

## **GT'2019 (GEOHERMAL TURKEY 2019)**

Geothermal Turkey Congress 3rd Annual

Dates: February 6-7, 2019

Location: Bilkent Hotel & Conference Center, Ankara, TURKEY

### **ABOUT JESDER**

Geothermal Power Plant Investors Association (**JESDER**) was established in 2014 and started to work in 2015. JESDER is represent 31 leader companies which are owners of EMRA Production License. The main objective is reach to international standart at the geothermal energy sector. In addition that; researching new geothermal resources and establishing power plant from these sources; also support cooperation between public-private sector organizations.

### **GOALS**

The goals of the congress are to bring together engineers, scientists, investors and related ministry/pudic employees (Energy, Environment, EMRA, etc.); provide a forum for the exchange of ideas on the geothermal resources exploration and development, legislation and feed-in tariff and **energy storage** (main topic) ; and to enable prompt and open reporting of progress.

We strongly encourage all investors, scientists and engineers involved in geothermal industry to attend the congress.

***\*Participation to the congress is free and entered with invitation. [Please contact to request an invitation.](#)***

### **TOPICS**

Papers will be presented on recent research including;

Case Studies: energy storage, enhancing low enthalpy systems, effects of injection, hot dry rock technology.

Enhanced Geothermal Systems (EGS): current and future activities, hybrid systems.

Engineering Techniques: reservoir simulation, empirical methods, well tests, tracers.

Field Management: strategies for exploitation, injection, scale inhibition.

Exploration: geophysics, geochemistry, geology, heat flow studies, outflows, geochemistry.

Drilling and Well Bore Flows: well stimulation, bore flow modeling.

### **ABSTRACT SUBMISSION IS OPEN**

Abstract\* submission is now open. Abstract submission will close on Friday 30 November 2018.

\*The abstract must be one page, [click for the guidelines](#).

### **PAPER DATES | DEADLINES**

November 30, 2018	Abstract submission close ( <a href="#">click for send</a> )
December 7, 2018	Notification of abstract acceptance/decline
December 28, 2018	If accepted*, full papers must be submitted by date
January 11, 2019	PPT files must be submitted by date (15 slides max.)

\*If your paper accepted, all expenses will be covered by JESDER.

### **SPONSORSHIP**

We invite companies to offer financial support for the congress.

Contributions from sponsors allow us to keep the registration free; and also include lunches, a reception, a dinner and accommodation (according to sponsorship type). This permits more people to attend, especially students and international participants.

[Click for sponsorship details.](#) Please contact [Hülya KALENDER BESKAN](#) for more information about becoming a sponsor.
