# Pole Docks

## Designer Series

Designer Series Pole Docks, the cornerstone of On the Water Designs, are hand crafted by experienced welders using the highest quality Canadian materials at our factory in Muskoka. Each section utilizes marine-grade aluminum framing and stainless steel fasteners to ensure a completely rust free design. Pole docks are ideal for shallow water and clients looking for security and stability in a dock.

Do you have a growing family? Our docks can be reconfigured and expanded to be as enjoyable in the future as it is in the first year.

Custom sizes and flexible design features allow for additional flexibility where needed. All frames\* include decking support stringers every 16" allowing for almost any choice of decking both now and in the future. Our exclusive deck panel clips clamp decking securely to the frame giving peace of mind in rough conditions.

\*4' wide frames span 24" unless sold with PVC"

All Pole Docks Include:

- ✓ Frame & Decking (If Purchased)
- ✓ Foot Pads & Pole Caps
- ✓ Connecting Fasteners
- ✓ 10 Year Welded Frame Warranty
