

**BEN FRANKLIN, INC USA**

## **CERTIFIED EUROPEAN**

The **CE** mark is a symbol that a manufacturer affixes to a product so that it can be sold in Europe. The mark is mandatory for products which fall under one of 24 European directives. The **CE** mark means that the manufacturer takes responsibility for the compliance of a product with all applicable European health, safety, performance and environmental requirements. **CE** stands for "Conformité Européenne", the French for European conformity.

The mark is required in all 27 member states of the EU, as well as Iceland, Norway, and Liechtenstein. Switzerland accepts the **CE** mark for some products and Türkiye actually requires that many products be **CE** marked.

1. Find the **CE** directive(s) that applies to your product
2. Know the essential requirements for your product
3. Determine if you need third-party certification
4. Assess product conformity
5. Create and maintain technical documentation
6. Declaration of conformity & affixing the **CE** Mark
