Velox[®]

SAFETY GUARDING

PRODUCT FEATURES

Fast installation

Velox installs four times faster than other guarding systems

Strength and stability

Our specially rigid panels are reinforced by the strength of our posts without the excess bulk or weight of frames.

OSHA Compliance

Velox meets a top 10 OSHA compliance standard

Easy, safe access

Our fast-release carriage bolts allow for easy access, and our system installs from outside the cell to ensure that access is safe and secure.

Designed for strength

Panels easily slip in with hook fasteners and locks securely into 2.5"x2.5" square posts. The 2"x2" grid wire mesh is manufactured from 8-gauge welded wire that adds strength and rigidity. Guarding has a sweep space of 6".

Easy to modify

Our patented design makes it easy for anyone to set up, rearrange or expand, and our enclosures come in a variety of sizes, styles, and options.
