Meltric Plugs and Receptacles

Ensure User Safety

Protect workers from live parts and arcing and safely connect and disconnect under full load.

Improve Reliability

Spring-loaded silver-nickel butt contacts maintain high conductivity for thousands of operations, even in harsh conditions.

Simplify NFPA 70E Compliance

Ensure a safe work environment without the need for cumbersome PPE.

Easily Meet NEC Line-of-Sight Disconnect Requirements

With UL/CSA switch ratings for branch and motor circuit switching, DS and DSN series products are an approved line-of-sight disconnect switch.

Total Cost Reduction

Reduce equipment, installation, maintenance, and operational costs

Reduce Changeout Downtime by up to 50%

Technicians can safely make and break connections with plug and play simplicity on motors or other equipment connected with MELTRIC Switch-Rated plugs and receptacles.
