sprecher+schuh

Sprecher + Schuh CA7 Contactors

On average, Sprecher + Schuh contactors **are 30% smaller than traditional devices in the same horsepower range** yet, provide millions of trouble-free operations for years of reliable use.

- Covers up to 75HP industrial applications

- Features small dimensions, as little as 45mm wide

- Uses interchangeable accessories for all contactor sizes
- Provides flexibility with reversible coils for group installation
- Has dual-cage clamp lugs on CA7-30 and larger units
- Designed and tested with respect to Type 1 and 2 Coordination

Limitless choices

A comprehensive selection of modular accessories is available for all contactor families, which allows infinite contactor and starter combinations, both open and enclosed.
