

Hello!

bUneke is growing so fast, thanks to your efforts! **I value you**, each, as individuals. It's important, to me, that I take a minute, as the president of PEACECORE, Inc., to say **thank you** for joining us in the beginning of what is becoming an amazing adventure!

You have chosen to align yourself with us and for that, **I am deeply grateful**. It doesn't matter, to me, if you've thrown yourself all-in, like I have, and live, breathe and bleed **bUneke green and blue** every waking hour, or if you haven't yet made your first contribution. **Thank you for being one of our founding volunteers!** Your support means the world to all of us! You are helping make the bUneke dream come true!

Last March, Jennifer, Lynn, Anna and I made the conscious decision to embark on a journey. The more we talked about it, the more we learned how many other people are interested in our mission to create something bigger than ourselves. Once we launched our first issue, even more people started to take notice. **We've grown from four women with a dream to more than 60 dreamers!** Just imagine how far we'll go if every one of you devotes 5 minutes every day to promoting this charity on all our platforms. This will make the difference in whether or not we get the sponsors we need to reach our potential!

But, it's not all about helping the organization. **We want to help you, too!** Did you know that by supporting a nonprofit such as PEACECORE/bUneke Magazine, you are showing potential hiring managers and recruiters that you're a team player? While you're promoting us, we will be promoting you. It doesn't matter which social media platform you use, people are watching. That's why we constantly tell you to **connect, like, comment and share!** **We're planning a social media training event** early in 2019 and we'll record it so even if you aren't local, you can still benefit from the training. Social media is more important than you know. Your TEAM PAGE has a download from that training with valuable information to help any entrepreneur or individual with social media. Please, take advantage of the hours we've put into this for your benefit.

Be sure to **visit the TEAM page** and check our **EVENTS** section for upcoming, fun things to be involved in. Future letters from the president will be on this page as well.

We're growing every day and I want you to know that **I don't take for granted how you have supported this charity**. Some of you have donated money, others have donated time and talent and some have donated all that on top of providing regular online support. Some have even created Facebook fundraisers for *bUneke Magazine* and have helped send donations our way! **However you have chosen to support us, thank you!**

Please, know that you are an extremely valuable part of PEACECORE and *bUneke Magazine* and **I honor your input**. You are always welcome to offer your feedback and opinions. Remember this is YOUR nonprofit organization and we'll be able to make the changes we want to see in the world by working together.

I'm looking forward to the growth of *bUneke Magazine* and to generating more sponsors for our work, because **that is how we'll be able to compensate you for your efforts**. Until then, you'll have to settle for **my enthusiastic admiration of what you are doing to make the world better**.

Don't forget to visit our YouTube channel and watch all the great videos there! This short video sums up how I feel about our charity. <https://youtu.be/r88WBaKtSIO>

Thank U for your uneke contribution to the world and to this organization,

Mary

PS: I will be posting our 2019 financial report in the upcoming weeks, so you can see how we've done, thanks to your efforts.
