# MESSAGE FROM OUR PRESIDENT

**We believe Agricultural Education and the FFA are the gateway to cultivate well trained, positive and ethical future leaders who understand the foundational constructs supporting our society and our growing global population. Our Nation's security and sustainability rely on Agriculture to feed, clothe and create a livable system for quality of life.**

**STEVE GOUCHER**  
President

We are proud of the accomplishments of the nearly 11,000 FFA members statewide along with the tireless efforts of their Agricultural Teachers, Advisors, Parents and Volunteers.

I am pleased to provide you with this annual report showcasing the activities and financial highlights of the Arizona Agricultural Education/ FFA Foundation.

Thank you to all the generous supporters, volunteers and staff for your contribution to the success and continued growth of this Foundation.

Sincerely,

**FEED

# 3<sup>RD</sup> ANNUAL GALA

## THE BIGGEST NIGHT IN ARIZONA AGRICULTURE

### JACKET PROGRAM

The Official Dress jacket was adopted in 1933. The FFA corduroy jacket is an article of faith, honor and pride. The jacket unifies members in a long-standing tradition and reminds them that they are part of something larger than themselves.

The Arizona Agriculture Education/FFA Foundation kicked off the first year of the FFA Jacket Grant Program. With the generous support of donors, we were able to award 80 jackets to members across Arizona with one from each Chapter represented. Those jackets showcased were the backdrop to the 3rd annual Blue & Gold Gala. You can support the FFA Jacket Program by visiting [www.azffaoundation.org](http://www.azffaoundation.org) to help us continue to increase the number of jackets we can award each year. Be a part of making a positive impact on a student's life.

One of the best days in the life of an Ag Teacher is when a student zips up their jacket for the very first time. Sometimes, there can be different barriers for why a student cannot purchase a jacket, most often being the financial burden. Through this program generously sponsored by the foundation, we were able to provide a very deserving student with their very own FFA jacket, a memory that they will remember forever.

## Arizona Association FFA

Arizona FFA is a high school youth leadership and career development organization that is a state association of the National FFA Organization, a federally chartered corporation under Public Law 105-225. The Arizona FFA currently serves more than 10,000 student members in over 80 high schools, from urban schools in Greater Phoenix and Tucson to more rural schools in Yuma, the northern and eastern parts of Arizona, and all across the State. FFA provides opportunities for premier leadership, personal growth and career success through agricultural education. From agricultural advocacy to leadership development, Arizona FFA is committed to helping members find their passion and build their future.

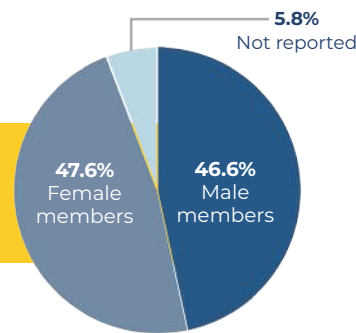

Why contribute to the Arizona FFA Foundation? The AZ FFA Foundation not only sponsors awards to recognize our students who have excelled in their chosen area of agriculture, it also supports programs that will reach and inspire all of the 10,084 students enrolled in Agricultural Education in Arizona. When every student can be positively impacted by programs, activities, student leadership and retain quality Agriculture Teachers in Arizona, then you have the satisfaction of knowing your donations have truly gone to a great cause.

**Dennis Bushong**  
Arizona Association FFA Board Treasurer

During the 3rd annual Blue & Gold Gala we debuted a video about the Arizona Agriculture Education/FFA Foundation and the affiliate groups which we support. We invite you to view this video and hear from each of the groups which we support.

## Arizona FFA Alumni

Agriculture teachers rely on FFA alumni members to help ease the outside commitments of teaching, bring more support to agricultural education programs and give teachers more freedom to do what they do best – teach students! FFA relies on alumni members for student recruiting, scholarship money, aiding in camps, conferences, national FFA convention and other personal development programs. The high level of commitment the FFA Alumni offer the FFA and the communities in which they live helps make FFA students' lives better.

I encourage all ag teachers to consider developing their own alumni. To start slow and small, to respect and to recognize the efforts, and to communicate enthusiastically with them and about them! Alumni are worth the effort and every program should have one! I have an alumni chapter now, and I could not succeed without them!

## Arizona Agriculture Teachers Association

The Arizona Agriculture Teachers Association is dedicated to making a positive difference in the lives of agriculture students by instilling in them a passion for agriculture and learning. It is through the commitment and dedication of the Arizona Agriculture teachers that we are able to enjoy such an outstanding program as the National FFA Organization in classrooms across the state and see continual growth in the Arizona FFA members through their achievements. Without their support, long hours of dedication, and unmatched commitment to excellence the Arizona Agriculture curriculum and Arizona FFA would not be at the level it is today.

## University of Arizona College of Agricultural & Life Sciences, Department of Agricultural Education, Technology & Innovation

One degree, many career options. The programs of study in agriculture education at the University of Arizona prepare students for entering careers in working with people in a variety of settings. These positions require preparation in basic sciences, technical agriculture, knowledge of the principles and techniques of teaching-learning process, communication skills and the ability to work with people. As part of the Arizona Agricultural Education/FFA Foundation's support, the Arizona FFA Foundation administers the funds for the J.R. Cullison Memorial Scholarships and the J.R. Cullison Future Teacher Program, funded by a generous gift from Jerry Cullison of Wellton, Arizona.

The Cullison Endowment has provided financial resources to feed the pipeline of highly qualified, motivated, and licensed school-based agricultural education teachers, from the point of recruitment, to include retention, through teacher induction. The Cullison scholarships contribute to retention and easing the financial burden often associated with student teaching.

# BUSINESS INDUSTRY TOURS

The Arizona Agricultural Education/ FFA Foundation has the opportunity to coordinate the Business Industry Tours for the Arizona Association FFA State FFA Officers each winter. The tours provide an opportunity for the State Officers to learn more about the agriculture industry in Arizona and meet with corporate supporters. In February 2019, the West Valley area in Phoenix served as the backdrop to the industry tours with stops at Rousseau Farming Company, Duncan Family Farms, Danzeisen Dairy Bottling Plant and Wilbur Ellis.

## LEARN ENGAGE EXPERIENCE

### REGIONAL NETWORKING RECEPTIONS

For the first time the Foundation hosted two regional receptions to bring together FFA Alumni, Past State Officers, Donors and others. In Yuma we met in October of 2018 and in the spring of 2019 we held a reception in Green Valley in Southern Arizona. This allowed for the opportunity to reconnect, share what the Foundation has been working on and opportunities for future involvement. We look forward to continuing the regional gatherings around Arizona.

# STATE FFA LEADERSHIP CONFERENCE AWARD RECIPIENT RECEPTION

The Foundation through the support of generous donors celebrate the achievements of the Star Program nominees, Proficiency Award and scholarship recipients each year on the evening of the award presentations at the State FFA Leadership Conference. More than 200 attendees enjoy the beautiful sound of the Arizona FFA Chorus as they kick off the reception. The award recipients along with their parents and advisor have an opportunity to meet the award donors, take a memorable backdrop photo and mingle while enjoying the hors d'oeuvres. It is an honor to also honor the Arizona Association FFA, Arizona FFA Alumni and the Department of Agriculture Education Technology & Innovation from the University of Arizona with the check presentation for the grant they are receiving. It is a delightful evening to recognize and honor the award recipients.

For many years, Farm Credit West has supported Future Farmers of America (FFA) and agriculture education programs. We are committed to investing in agriculture to ensure the industry remains strong — both today and tomorrow. The FFA advisors and teachers help establish a foundation of leadership and integrity for our youth. Supporting our next generation of farmers and ranchers is one way Farm Credit West works to support our local communities and preserve the future of agriculture.
