

2023-2024 Support Opportunities

The Arizona Agricultural Education/FFA Foundation is dedicated to providing expanded educational opportunities for agricultural education and the FFA.

It is the vision of the Foundation to secure resources to support, enhance, and strengthen the educational and leadership effectiveness of the Arizona Association FFA, the Arizona FFA Alumni Association, the Department of Agricultural Education, Technology and Innovation at The University of Arizona, and the Arizona Agriculture Teachers' Association while maintaining positive relationships with students, teachers, business and industry representatives, and the community.

FFA brings diverse opportunities to high school students by providing a path to achievement in premier leadership, personal growth, and career success through agricultural education. FFA opens the door to a broad range of career opportunities for students where they can share their expanded knowledge base and responsibilities. Students gain experience through activities such as parliamentary procedure, public speaking, conduct of meetings, job interview and other competitive events. They can develop specialized skills they can apply toward their future careers.
