JULY 2026

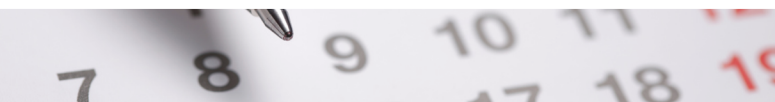

THE ILH UPDATE

BUILDER'S MINDSET

The Monday Reset

The holiday is over.
Now comes the part that actually
changes your business.
Don't spend today trying to catch up.
Spend it deciding what deserves your
attention for the rest of the year.
Busy weeks come and go.
Intentional weeks build businesses.

THIS MONTH'S REALITY CHECK

Your calendar tells the truth.

If your priorities aren't on your
calendar, they probably
aren't your priorities.

Protect your time before
someone else schedules
it for you.

MEET OUR FOUNDER

Isaiah Harrison is the founder of
Infinite Legacy Holdings, where
he helps entrepreneurs build with
clarity, systems, and intention.

people stop chasing motivation
and start creating businesses
that last.

THIS MONTH'S CHALLENGE:

Take 20 minutes once a week.

Write down:

- One thing to stop doing.
- One system to improve.
- One goal to focus on this month.

Small resets create big momentum.

TOOL OF THE MONTH

Calendar Time Blocking

Block your week before it begins. Schedule time for deep work, admin, and planning.

RESULT: More focus. Less reacting.

THE SYSTEM SHIFT

The Difference Between an Idea and a Business

Ideas create excitement.

Systems create businesses.

If you’ve been sitting on an idea this year, ask yourself three questions:

- Who does this help?
- What problem does it solve?
- What’s the next measurable step?

Don’t spend another month perfecting.

Start building.

COMMUNITY QUESTION

What’s one business goal you’re determined to accomplish before the end of 2026?

Share it with the Built Different Community.

THE LEGACY LENS

Half the year is already behind us.

Legacy isn’t built in one big moment.

It’s built every Monday you choose to keep moving forward.

LEARNING, ADAPTING, AND BUILDING AT THE SAME TIME.
