

RESPONSIBLE DEVELOPMENT IN OUR COMMUNITIES

OIL AND GAS DEVELOPMENT ACTIVITIES

South of Wembley and North of the Wapiti River - See Map on Reverse

As responsible developers we adhere to the laws and regulations that guide our safe operating practices. We are committed to working together to minimize the impact of our operations on our communities.

TRAFFIC SPEED

A voluntary reduced speed limit of 50km/hr will govern our industry personnel and service providers.

TRAFFIC SIGNS

Reduced speed limit signs for 50km/hr will be posted at strategic locations along the road that will govern our collective industry group and service providers.

COORDINATED HEAVY LOAD SCHEDULES

We are committed to sharing information regarding heavy load schedules with each other and the County of Grande Prairie. Working together, our goal is to disperse heavy loads to minimize the impact to residents.

ROAD MAINTENANCE

Our collective industry group will work together to procure regular road maintenance to ensure watering of roads when dusty, snow clearing, grading and other maintenance as required. The roads will be bonded in spring.

PARKING

Our collective industry group will be directed to park in project staging areas. Where no staging area is available (such as survey crew access), industry personnel and service providers will be directed to park in dry ditches. Parking will be prohibited on residential or field approaches.

SCHOOL BUS ROUTES

The safety of children is a priority to us. We will work with the Peace Wapiti School Division understand school bus routes and times, and limit to wide loads during these times.

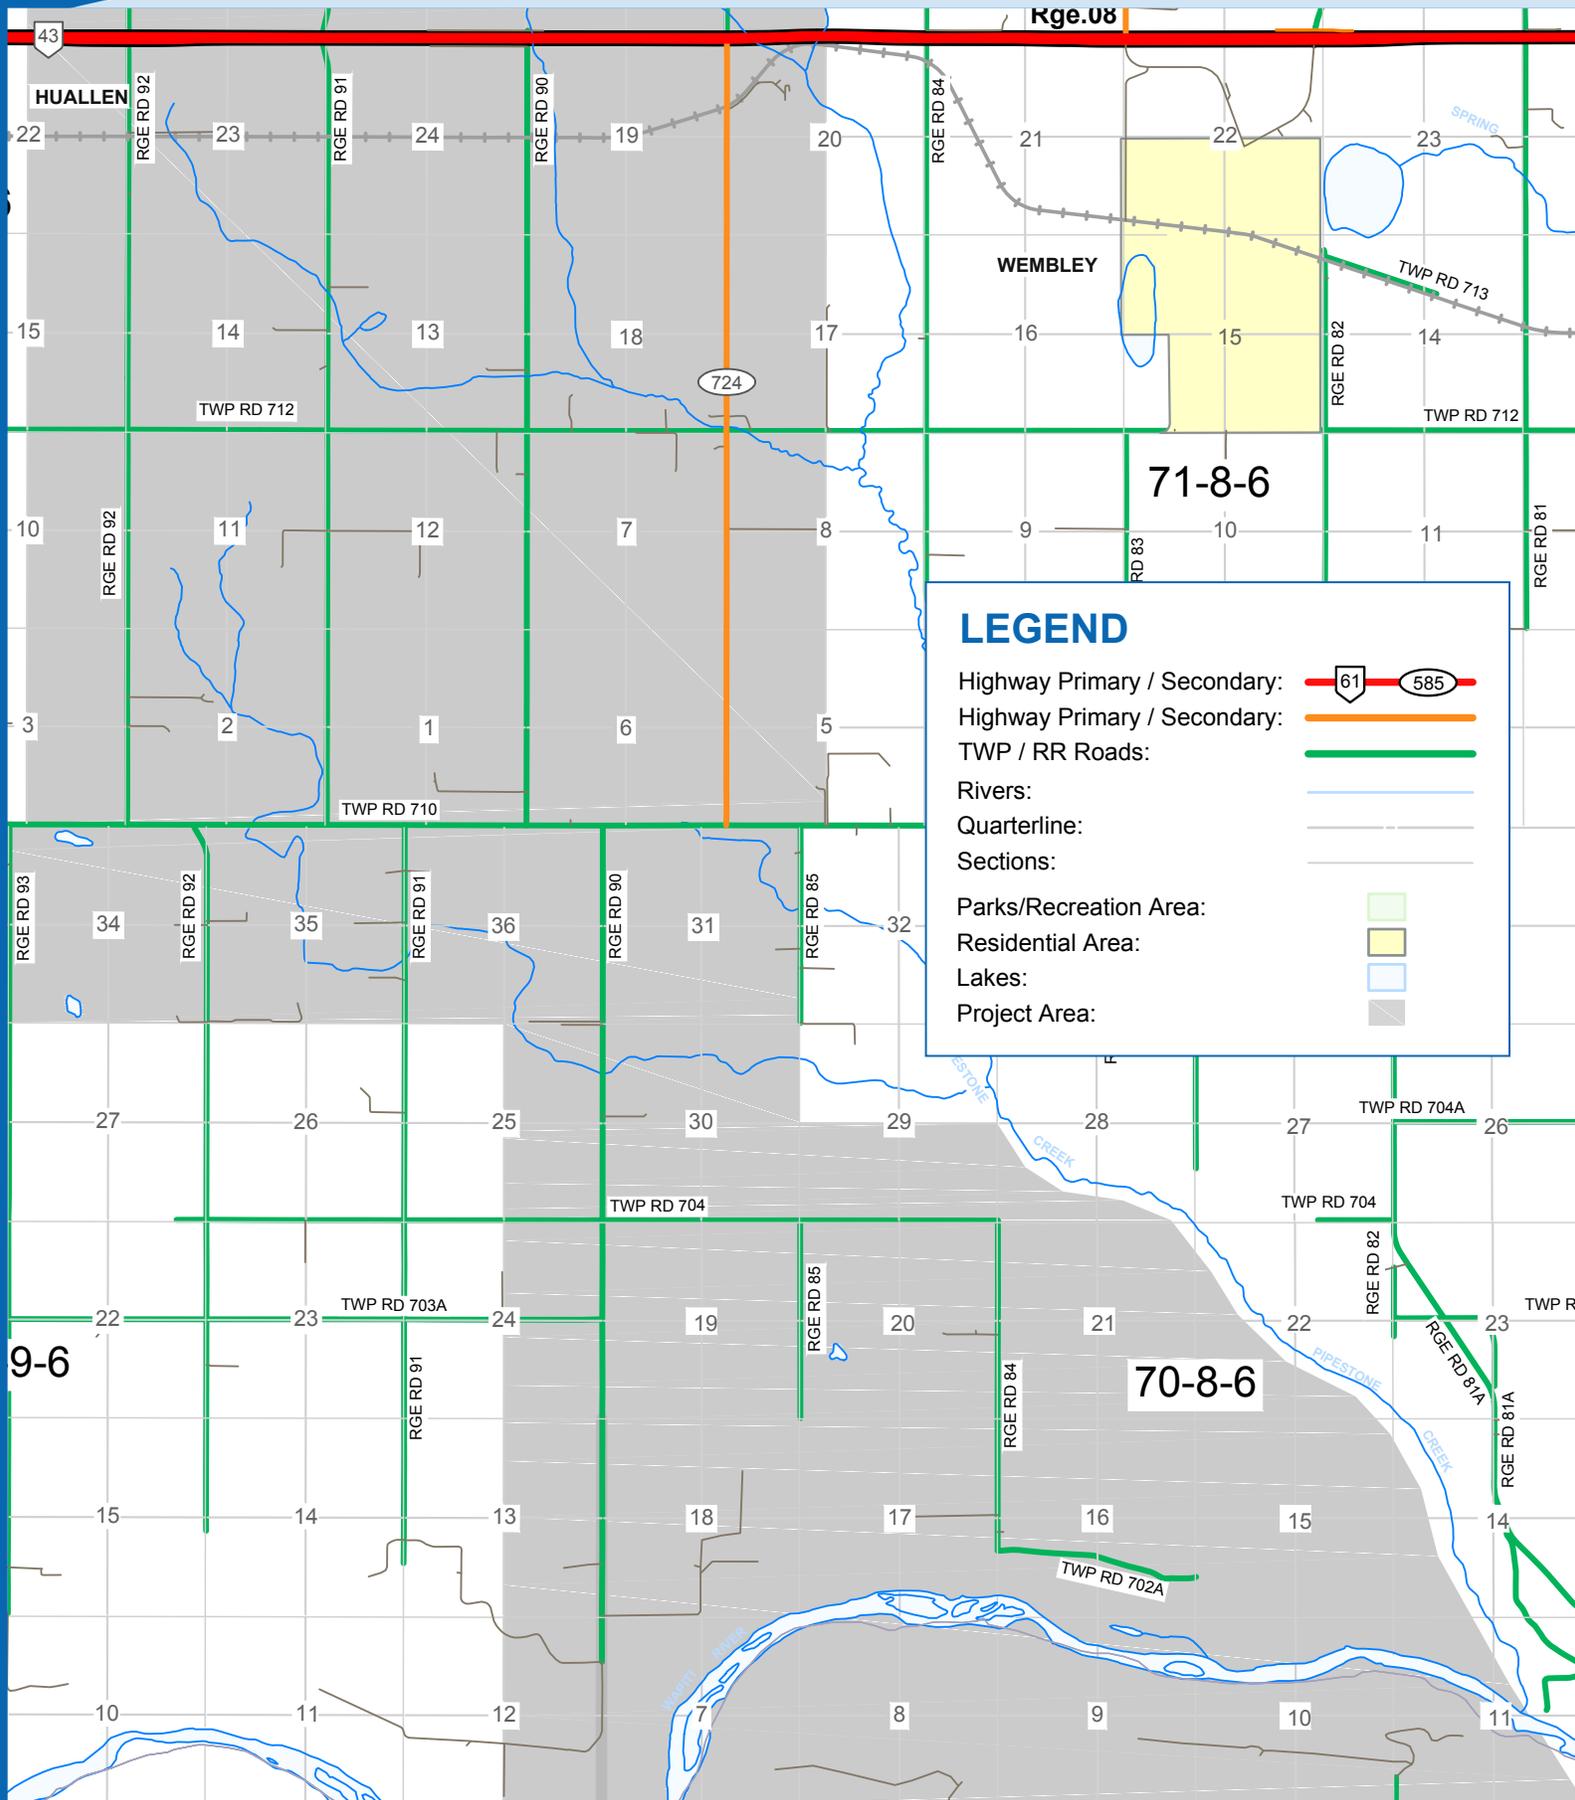

COMMUNITY CLEAN-UP

In the spring, our staff will be out in your community for a clean-up day to keep your neighbourhoods neat and tidy.

**We care about people
and appreciate the
opportunity to be part
of your community.**

If you have any questions or concerns about our operations in your area, please call our toll free number at **1.800.424.0196**. You can also e-mail us at Contact.Us@cmrconsulting.ca and we will respond within 2 business days. Alternatively, you can contact any of our company representatives you have dealt with to date.
