

## MAD LIBS EAP

It was a \_\_\_\_\_ day. I had been on stand for \_\_\_\_\_ minutes and I  
(adjective) (number)

noticed my \_\_\_\_\_ was really starting to itch. I looked to my left and  
(body part)

saw \_\_\_\_\_ and then I looked to my right and saw  
(favorite guest)

\_\_\_\_\_ entering the water. I thought to myself, "Oh great! This is  
(a person)

\_\_\_\_\_". My Supervisor came by and asked me if I needed  
(adjective)

\_\_\_\_\_. I said of course! I looked down into my zone and noticed  
(noun)

\_\_\_\_\_. I said \_\_\_\_\_ to myself and exited my guard chair. I  
(sign of distress) (word you say when upset)

\_\_\_\_\_ to the location and blew \_\_\_\_\_ to get some attention. I  
(verb) (whistle code)

entered the water and saw \_\_\_\_\_. Another lifeguard, \_\_\_\_\_,  
(sign of distress) (guard name)

ran to get the backboard and we \_\_\_\_\_ extricated the patient onto the deck.  
(adjective)

He was \_\_\_\_\_ and had \_\_\_\_\_ particles coming from his mouth. I immediately  
(color) (food)

started a primary assessment on the \_\_\_\_\_ and wasn't sure what I felt, so I  
(body part)

said..."No pulse, get me an \_\_\_\_\_. I began to compress and it felt  
(piece of lifeguard equipment)

like \_\_\_\_\_ and sounds like \_\_\_\_\_. I couldn't believe it, but the  
(animal) (something that breaks)

patients wife came over and as she approached I noticed she had \_\_\_\_\_.  
(first aid injury)

When it rains, it pours. I asked \_\_\_\_\_ to take the \_\_\_\_\_ and  
(guard name) (piece of lifeguard equipment)

help the wife while I continued CPR. My Supervisor arrived with the oxygen and AED and we

provided \_\_\_\_\_ shocks before we saw the patient move and \_\_\_\_\_.  
 (number) (facial expression)

Fellow lifeguards, \_\_\_\_\_ and \_\_\_\_\_ cleared the pool and told  
 (guard name) (guard name)

everyone to go to \_\_\_\_\_ where we would meet them later. EMS arrives and  
 (place)

was surprised to see \_\_\_\_\_ on scene, but was happy we were able to  
 (noun)

provide such exceptional care and save a life. Our \_\_\_\_\_ teamwork  
 (adjective)

and the \_\_\_\_\_ hours we have spent training really came together!  
 (number)
