

10

THINGS YOU CAN DO TO PREVENT HUMAN TRAFFICKING?

IDAHO
ANTI-TRAFFICKING COALITION

1

Learn the indicators of human trafficking.

2

Volunteer and support anti-trafficking efforts in your community.

3

Meet with and/or write to your local, state, and federal elected officials to let them know you care about combating human trafficking and ask what they are doing to address it.

4

Be well-informed. Set up a web alert to receive current human trafficking news.

5

Host an awareness-raising event to watch and discuss films about human trafficking. For example, learn how modern slavery exists today; watch an investigative documentary about sex trafficking.

6

Encourage your local schools or school district to include human trafficking in their curricula.

7

Become a mentor to a young person or someone in need. Traffickers often target people who are going through a difficult time or who lack strong support systems.

8

Businesses: Provide jobs, internships, skills training, and other opportunities to trafficking survivors.

9

Faith-Based Communities: Host awareness events and community forums with anti-trafficking leaders or collectively support a local victim service provider.

10

College and High School Students: Take action on your campus. Join or establish a club to raise awareness about human trafficking and initiate action throughout your local community.
