Mission, Vision, & Core Values

The mission of the Idaho Anti-Trafficking Coalition is to work alongside community members in providing awareness, education, services, and safe housing for victims of human trafficking.

Our vision is to create a safe environment where individuals can receive appropriate services and support, and when necessary, safe housing, in order to work on healing, restoration, recovery, and independence.

We believe in the following core values:

1. All individuals have the right to be treated with dignity and respect.
2. All individuals should have access to needed services that achieve optimal outcomes.
3. All individuals should be empowered to exercise informed consent.

Funding & Data Reporting

2020 was the first full fiscal year that Idaho Anti-Trafficking Coalition was funded. In addition to community donors, Idaho Anti-Trafficking Coalition relies on two main funding sources, a subgrant from the [Idaho Council on Domestic Violence and Victim Assistance](#) and a subgrant through the [Idaho Department of Health and Welfare](#). On an annual basis Idaho Anti-Trafficking Coalition receives \$364,163 and \$17,525 from these sources, respectively.

A requirement of these funding sources is data collection. Idaho Anti-Trafficking Coalition is the first organization in the State of Idaho to be officially collecting data on human trafficking. All classifications and metrics are created by and reported to the Idaho Council on Domestic Violence and Victim Assistance.

Idaho Anti-Trafficking Coalition was invited to sit on the advisory committee of the [United Way of Treasure Valley 2020 Community Assessment](#). Human trafficking was previously not included in community assessments. Under the 'Safety' portion of the community assessment, the conclusion was made that in Idaho 'human trafficking remains a highly under-reported crime'. The policy, systems, and environmental change recommendation was to 'increase availability of programs that provide mental health treatment for victims of domestic and sexual abuse and victims of human trafficking'.

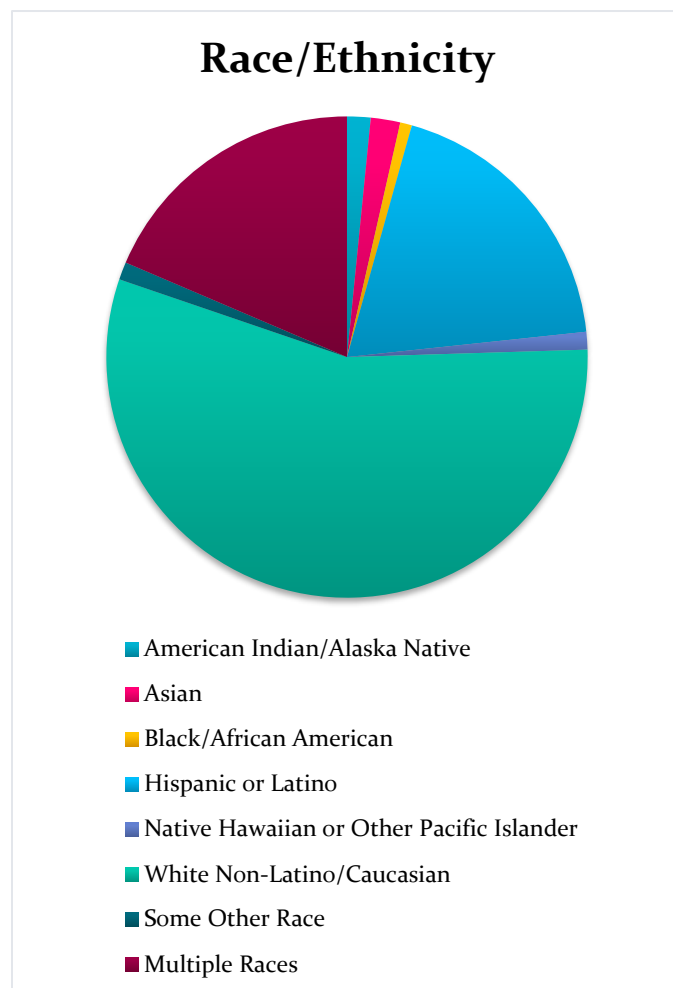

2020 Victim Demographics

In 2020, Idaho Anti-Trafficking Coalition aided 458 individuals. Out of the 458 individuals, 27 requested to be kept anonymous with no data collected.

Individual Advocacy	128
Performance of medical or nonmedical forensic exam/interview or medical evidence collection	3
Immigration Assistance	0
Intervention with employer, creditor, landlord, or academic institution	98
Child Dependent Care Assistance	29
Transportation Assistance	195
Interpreter Services	1
Total # of services	518

2020 Crime Victims Compensation Program

The Idaho CVCP was established in 1986 to provide assistance to victims of crime for costs related to treatment for injuries sustained as a result of a crime and for sexual assault forensic examinations. The program works with victims and family members to ensure they understand the benefits available to them and to assist them in accessing the necessary treatment or services they need. The program believes that offenders should be held accountable for costs associated with their criminal activity, and actively pursues reimbursement for crime related costs from offenders through restitution and any other source of payment. Idaho Anti-Trafficking Coalition has the ability to aid individuals who qualify for the [Idaho Crime Victims Compensation Program](#). In 2020, Idaho Anti-Trafficking Coalition aided 7 individuals who qualified for the program with the completion of the application.
