

# Hero Circle Commitment Form

With your Hero Circle contribution, you will be supporting Honored Heroes like Elicia, and thousands of youth and adults in their fight against blood cancers.

**Elicia McMullen**  
*Non-Hodgkin's Lymphoma*

Elicia McMullen faced Stage 4 non-Hodgkin's lymphoma in 2017. Enduring 6 rounds of R-EPOCH and spinal chemotherapy halted its spread to her brain. Achieving remission in Dec. 2017, she suffered a relapse in April 2018. After 3 more rounds of chemo, an Autologous stem cell transplant in Nov 2018 finally brought sustained remission. Battling fear and exhaustion, frequent hospital stays distanced her from her young twins. Choosing Dana Farber meant enduring more treatments, including a month-long transplant recovery. Despite sacrifices, Elicia's dedication to family remained unwavering. Elicia celebrates not just five years of remission but a transformed, resilient self.

Thank **YOU** for being a hero to blood cancer patients.
