Furniture Co.

Furniture Co. is a small American furniture design and manufacturing company that was founded on the principle of creating timeless designs and uncompromising quality furniture “Made in AMERICA”.

We are a company that specializes in Wood, Metal and Upholstered products. All of our products are bench-made using only the finest materials at our own factory in North Carolina.

In addition to the collections you will find in this furniture specification book, our “custom” program offers our clients the opportunity to create individual furniture pieces for their distinctive lifestyles or projects. We are proud to have produced custom furniture for hotels, restaurants and commercial spaces around the world.
