Dear Resident,

We are writing to you following the consultation exercise undertaken in January 2024.

Having taken into consideration and reviewing all comments and objections received, in accordance with the consultation regulations we are progressing to implement the measures shown below to improve safety for all road users, in particular pedestrians.

During the review of the consultation and having taken into consideration the comments and objections received, including the potential impact of the proposed measures on the community officers recommend progressing with a modified scheme which include the removal of banned turns with the exception of point 5 below.

The scheme incorporates the following engineering measures:

1. Introduction of double yellow lines at the road junctions adjoining the main road
2. Extension of the current 20mph zone
3. Uncontrolled pedestrian crossing in front of Hope Corner Community Centre.
4. Zebra crossing on Whittings Road outside the school
5. No-entry from Quinta Drive on to Whittings Road 'except for buses and cycles'
6. New raised crossing area on Whittings Road between property nos. 15 and 17
7. Upgrade of uncontrolled pedestrian crossings at various locations
8. Introduction of a new zebra crossing, east of the junction of Mays Lane with Chesterfield Road

9. Introduction of a roundabout at the junction of Chesterfield Road and Whitings Road
10. Zebra crossing on Mays Lane near the junction of Connaught Road
11. Removal of existing width restriction at Manor Road junction
12. One-way on Mays Lane service road between Mays Lane (East) and Leaside Road west) with no-entry from Leaside Road
13. Raised table at the existing zebra crossing on Mays Lane by Vale Drive
14. Introduction of speed cushions and raised tables on Mays Lane, Nupton Drive, Quinta Drive and Whitings Road
15. Widening of the footway area on Chesterfield Road and Stanhope Road junction to allow for a bus-stop road marking

Please refer to the extent of work within the area shown in the image attached below.

The works are scheduled to commence during the week commencing 15 February 2025.

Please be aware that it may be necessary to temporarily prohibit parking on stretches of the road during the works and we kindly ask residents to refrain from parking in areas where parking suspensions have been put in place. We will provide access to and from adjoining roads and driveways. Pedestrian and emergency vehicle access will be maintained at all times.

Please ask members of staff on site to assist you if you require access. We thank you in advance in your assistance in enabling the works to go ahead and apologise for any inconvenience caused during this time.

**Important information regarding these works:**

- Works are to be undertaken by the Council's Term Maintenance contractor Tarmac Kier (TKJV). The contractors normal working pattern is Monday – Friday (excluding weekends).
- Works are weather dependent.
- The works will entail the contractor working up and down the road in sections. During this period access will be maintained for residents to their property.
- During the works, residents may not be able to park in their normal place. To minimise disruption, the Council can provide a temporary parking permit on a short-term basis.
- Any cars that are parked within the prohibited parking area, during the works, will be lifted to a nearby road.
- To apply for a temporary permit, please contact us by email quoting the reference number on this letter and the name of your road to

**[highwayscorrespondence@barnet.gov.uk](mailto:highwayscorrespondence@barnet.gov.uk)** or by telephone 020 8359 3555, up to one week prior to work commencing onsite.

- Information required to apply for a temporary permit: property number and road name, vehicle registration number, the registered keeper/driver(s) name, the Controlled Parking Zone code.

For further information about the planned programme of works, please visit:  
**[www.barnet.gov.uk/plannedhighwayworks](http://www.barnet.gov.uk/plannedhighwayworks)**.

If you have any comments or further questions about the works, please write or phone using the details provided above.

Yours faithfully  
***Highways Service***
