Reviewed by Lori Lavigne, Professor, Framingham State University on 11/7/22 The book covers all of the major topics from an intro micro course. I would consider using this text in the future. read more Reviewed by ATM Sayfuddin, Assistant Professor, Randolph College on 4/2/22 The book covers almost all major areas typically contained in an introductory microeconomics textbook. However, I expected the chapter discussing "public goods" (chapter 13) to also discuss all four categories of goods - private goods, public... read more Reviewed by Jean-Baptiste Tondji, Assistant Professor, University of Texas Rio Grande Valley on 10/31/20 Principles of Economics is impressive and extremely comprehensive. It covers interesting and current topics that are suitable and relevant for any principles of Microeconomics and Macroeconomics courses at the lower undergraduate level. read more Reviewed by Jay Leung, Instructor, Duncker Hill Community College on 7/13/20 The textbook covers most of the intro-level mainstream microeconomic topics. An honors level microeconomics course would consider a textbook that was more advanced and in-depth. read more Reviewed by Damindi De Silva, Adjunct Professor, Quinsigamond Community College on 6/29/20 The text covers all areas and ideas of the subject and provides an effective index and/or glossary. The text can be used as a required text at an introductory level Microeconomics course at College level. read more Reviewed by David Ornstil, adjunct lecturer, University of Massachusetts Lowell on 6/17/20 This principles textbook covers all areas generally taught in a principles of microeconomics course as well as including chapters on social welfare and behavioral economics. Theories are thoughtfully presented and easy to read with many examples... read more Reviewed by Colin Jareb, Graduate Student, University of Colorado Boulder on 6/17/20 The textbook covers all of the sections that are expected for a principles class. Further extensions into financial markets, income inequality, and political economy are covered well. There is a nice index with links to the appropriate pages...

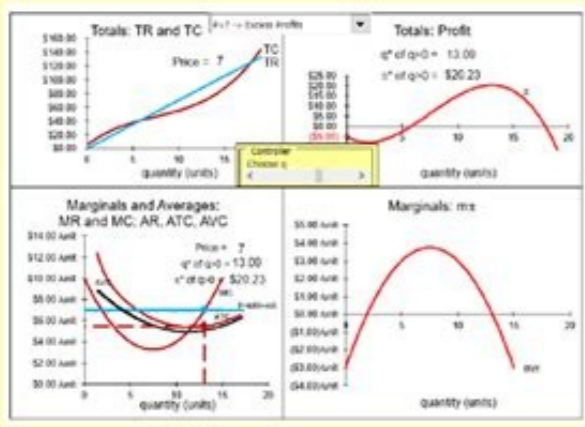

read more Reviewed by Shengnan Fang, Economics Instructor, Linn-Benton Community College on 1/9/20 This textbook not only covers the major content for principles level class, but also introduces chapters related to industrial organization, labor economics, environmental economics and international trade. The index is hyperlinked, which is... read more Reviewed by Rupayan Gupta, Professor, Roger Williams University on 12/9/19 I find the book very comprehensive. Comparing with some of the leading published textbooks the coverage and depth are both comparable. Perhaps the section on Oligopoly could be expanded a bit with a few more examples. read more Reviewed by Zhongjin Li, Assistant Professor, University of Missouri - Kansas City on 12/14/18 The textbook covers most of the intro-level standard microeconomic materials and provides students a relatively full picture of the microeconomic landscape with real-world examples. I do hope it can incorporate more heterodox and historical... read more Reviewed by Pablo Hernandez, Associate Professor of Economics, Hollins University on 5/21/18 This OER text offers readers a comprehensive breadth of topics from an introductory standard microeconomics perspective. This text features a table of contents, index, end-of-chapter key terms, and a comprehensive chapter/topic list of references. read more Reviewed by Aida Odobasic, Assistant Professor, University of Delaware on 2/1/18 Principles of Microeconomics textbook covers the breath of microeconomic topics from introduction to the subject, to development of the main model of demand and supply, fundamentals of the microeconomics theory, microeconomic policy issues, and... read more Reviewed by John Brouwer, Principal, Eton College on 5/8/17 The text covers all the areas and ideas of Macroeconomics that one would expect to find at the introductory level. The subjects are clear, easy to follow, relevant with applied examples. Global examples are used through the lens of US laws and... read more Reviewed by Anna Antus, Adjunct Professor, North Hennepin Community College on 4/11/17 The textbook is very comprehensive. It covers all topics covered in most principle of microeconomics courses and more. It has great index of the whole textbook and glossary attached to each chapter. It provides with good order of all major areas... read more Reviewed by Joseph Schoen, Lecturer, Anoka-Ramsey Community College on 4/11/17 The textbook covers the major content areas covered in a Principle of Microeconomics course. The index and the glossary are just as good, if not better, than those found in other textbooks. On top of the topics you come to expect in any... read more Reviewed by Janice Kinghorn, Senior Lecturer, Miami University on 8/21/16 The text covers all the learning objectives required for an introductory microeconomic theory course.
