

Sibel Coskuner brings more than 25 years of experience guiding families, entrepreneurs, and professionals through the complexities of wealth, legacy, and financial security.

Her career has spanned senior roles with leading global institutions including Citibank, Deutsche Bank, RBC, and Manulife, where she worked closely with high-net-worth clients to design thoughtful, long-term financial strategies.

Throughout her international and Canadian career, Sibel has specialized in helping clients create, grow, protect and transfer their wealth through carefully structured investment solutions, insurance solutions, tax-efficient planning, estate and succession strategies, and customized lending. Over the past decade in Canada's high-net-worth market, she has developed deep expertise in integrating investment, insurance, tax, and estate planning into cohesive strategies that reflect each client's unique goals and family dynamics.

Believing that every client deserves truly independent advice, Sibel founded **SCoskuner Wealth Solutions** to operate within an open-architecture model. This approach allows her to select from the very best providers in the market independently, ensuring that every insurance solution recommended is guided solely by what serves the client best.

Sibel holds a Master of Science in Industrial Engineering from Boğaziçi University in Istanbul and a Bachelor of Science in Industrial Engineering from Middle East Technical University in Ankara. Her analytical background shapes her disciplined, structured approach to wealth planning, while her life experience brings empathy, perspective, and care to every client relationship.

Outside of finance, Sibel is a visual artist and the proud mother of a daughter. She is passionate about empowering women, believes deeply in the balance between art and business, and values wealth not only for what it builds — but for the positive impact it can create.
