Press Release

BHPS Official Announcement:

With the government funds officially transferred to Rural Development, the Bates Hall Preservation Society is excited to announce that the Bates Hall Project will be going to official bidding process in September. This will allow the project to officially break ground in April 2027. The Society will continue to work tirelessly with fundraisers to assure funding to move, restore, and assure the Historic 1907 Bates Township Hall is energy efficient. Legacy Park is also slated to be part of the 2027 project so get your brick orders in early. This will insure that your brick is on site in time for placing in the Park. Order blanks can be found on the BHPS website: savebateshall.com, at any of the BHPS fundraisers, or by contacting Sue at 906-265-4771. The engraved bricks are \$50 each. Project donations, of course, are always welcome and appreciated. The BHPS sincerely appreciates the continued support they have received.
