M.N.R.P. Department of Justice

"Fiat justitia ruat cælum"
"Let justice be done though the heavens fall"

INTRODUCTION

Supreme Religious Council Moorish National Republic of Peace (MNRP)

This **Protocol Manual** establishes the official procedures for initiating and processing complaints through the **National Republic Department of Justice** for all violations against the **God-given Rights and Liberties** secured by the **Constitution of the Moorish National Republic of Peace**, its national laws, and binding international treaties.

This manual is designed to protect all **Moroccan Nationals and Citizens** of the MNRP from unlawful actions—especially those carried out by **foreign agents, officers, or entities** acting outside their lawful jurisdiction or engaging in commercial enforcement against non-commercial individuals.

Purpose: To provide a structured, lawful, and peaceful process by which Nationals may seek **justice, redress, and lawful remedy** through the **Court of Justice of the MNRP**, for any breach of constitutional, natural, or treaty-protected rights.

Definition of “Information” for Complaint Proceedings

For the purposes of this manual, “**Information**” refers to:

A formal accusation submitted against an individual or entity for the commission of a criminal or civil offense, not presented by grand jury indictment, but instead by a **competent officer of the MNRP**, based on verified facts and sworn declaration under official oath.

Such information shall be used to initiate a justiciable process leading to investigation, hearing, and—if necessary—**judicial decree** from a lawful MNRP Court of Justice, with judgment proportional to the violation committed.

Scope and Example of Application

This manual shall be applied in all instances involving:

- **Unlawful arrest or detainment** of MNRP Nationals
- **Trespass upon sovereign persons or property**
- **Commercial enforcement actions** against non-commercial travelers
- **Violation of treaty obligations** by foreign agents
- **Disrespect of diplomatic status**, documentation, or jurisdiction

The following sections provide structured procedures to expose and correct any **unlawful, extra-jurisdictional conduct** imposed upon MNRP Nationals by foreign officers or agencies acting in opposition to the **Constitution, Oaths, Treaties**, or the **Law of Nations**.

Example Scenario: Treaty Violation and Extra-Jurisdictional Interference

(Province of Illinois – Foreign Interference with Peaceful Travel)

While peacefully traveling on the public roadways within the **Province of Illinois**, a **Moroccan National** of the **Moorish National Republic of Peace (MNRP)** is unlawfully interrupted by a **foreign policy enforcement officer** (agent of a STATE OF ILLINOIS corporate subdivision), who initiates an “emergency stop.”

The officer’s database fails to recognize the **MNRP-issued sovereign plates**, as the vehicle is no longer registered under the jurisdiction of the UNITED STATES or any of its political subdivisions. This results in the officer **acting under assumption and color of law**, without proper jurisdiction or verified authority.

Unlawful “Emergency Stop” Initiated

The foreign officer activates sirens and flashing lights—**attempting to contract** with the National by initiating a stop intended for commercial actors or State residents. The **Moroccan National**, operating a **lawfully nationalized private vessel** bearing MNRP Plates and documentation, makes the decision to pull over **peacefully**, exercising spiritual discipline and lawful readiness.

The National’s conveyance is clearly marked with:

- **MNRP-issued Identification and Registration**
- **MNRP Passport (Religious Identification)**
- **National Republic Department of Travel credentials**
- **MNRP-issued Sovereign Plates**
- A visible display of the **Treaty of Peace and Friendship (1787, reaffirmed 1836)**, the **Treaty of Madrid (1880)**, and the **Constitution of the Moorish National Republic of Peace**

Officer’s Attempt to Enforce Foreign Commercial Jurisdiction

The officer exits his vehicle and approaches with the intent to engage the National in dialogue—an **implied offer to contract** under the false presumption that the MNRP National is:

- A corporate fiction (legal person), or
- A driver subject to foreign transportation codes, or
- Operating in commerce within STATE jurisdiction

The officer begins questioning the National about “ownership” and “registration,” assuming authority over the **State-liberated conveyance** now lawfully recorded with the MNRP.

Lawful Response of the MNRP National

The Moroccan National:

- **Peacefully remains silent or responds only to correct legal status**
- **Presents diplomatic documentation without consent to jurisdiction**
- **Refuses to contract or enter plea** in absence of verified jurisdiction
- **Stands on treaty rights, national law, and spiritual oath**

This action places the officer **on notice of his limited authority**, invoking international obligations and removing all legal presumption of jurisdiction.

Any continued detainment, questioning, seizure, or citation after this point constitutes:

- **A violation of international treaty law**
- **A breach of the Supremacy Clause of the U.S. Constitution**
- **An act of foreign aggression against a peaceful sovereign**
- **Grounds for diplomatic complaint, abatement, and judicial intervention** by the MNRP Court of Justice

CHAPTER 1

Moorish National Republic of Peace (MNRP)

◆ I. Sovereign Status of Moroccan Nationals

◆ **VI. If the Incident Occurs Outside the United States**

14. If detained while abroad, follow the same procedures and immediately notify the **MNRP Consulate Office** or the **Ministry of Foreign Affairs & Diplomatic Relations**.

◆ **VII. National Response and Remedy**

15. Upon receiving the report, the following action is authorized:

- The **Commander of the Moroccan National Guard** shall initiate internal review and initiate any protective security measures.
- The **Minister of Foreign Affairs** shall assess treaty breach and, if warranted, issue diplomatic notice or complaint to the foreign nation.
- The **Court of Justice of MNRP** shall review the matter and prepare any lawful order, remedy, or demand for abatement.

“In all things, the Moroccan National shall stand as a diplomat of truth. If detained, do not panic—your government stands with you. If charged, do not fear—your rights are secured. Remain in honor, and we shall answer with power.”
