

## COVID-19 Testing Sites

Community COVID-19 testing sites are being held throughout San Bernardino County. Samples will be collected using a swab in the nostril or in the mouth. These samples are then sent to a lab to test for the virus that causes COVID-19 (SARS-CoV-2 virus).

### **Make an Appointment for COVID-19 Testing**

You can find numerous testing locations throughout San Bernardino County at <https://sbcovid19.com/testing-sites>. This site will allow you to register at one of the testing sites operated by the County in partnership with Fulgent.

Appointment registration for single-day testing events open about 5-7 days before testing event date.

Please do not call the venues about testing or appointments.
