

## How to Use Stogie Balls:

### Position

Place your Stogie Ball into one of the available golf ball holders on the golf cart, open end up. Adjust the angle as needed to accommodate the length of your cigar and the specific configuration of the golf ball storage area of the golf cart itself.

### Prepare

Light your cigar ensuring that it is evenly and thoroughly burning to guarantee the optimal smoking experience.

### Secure

During golf shots, insert your burning cigar into the Stogie Ball lip-side down with the burning side facing upward. This positioning is crucial as it aids in maintaining a consistent burn and ensures robust draw while you enjoy your round of golf.

### Enjoy

Enjoy your cigar between shots without the inconvenience of searching for a resting place. Simply place your cigar in your Stogie Ball as you play your shot, and then comfortably remove it. Rinse and repeat!

## Stogie Balls are Ideal for:

Golf Tournaments, Bachelor or Bachelorette Parties,  
Weddings, Golf Trips, Corporate or Giveaways  
Outings, Gifts for any Occasion, etc.

Custom Orders Available!

## A Game-Changer

As a passionate golfer and a cigar enthusiast, I frequently encountered a persistent challenge: where to safely rest my burning cigar while I am taking my next shot. Like many others, this interrupted my enjoyment and became a distraction.

After years of frustration and the cost of ineffective products, I was motivated to develop and test my own concept. This pursuit led me to conduct exhaustive market research and engage a diverse group of stakeholders, including golfers, those who enjoy cigars, golf course staff professionals, merchandisers, tournament coordinators and cigar companies.

Through this collaboration, I crafted a sophisticated design that addresses all the practical needs for a golfer-smoker. The result is Stogie Ball, a customizable, handcrafted solution designed to enhance the golfing and smoking experience.

## For Golf Facilities

### Protect Your Fleet of Golf Carts

No more using the footwell, cooler, roof or seat to rest your burning cigar during shots. Stogie Balls provides the solution to help to prevent costly damages to your fleet of golf carts.

### Keep Your the Greens Pristine

Reduce the litter from partially smoked and misplaced cigars scattered around the course.

### Improve the Safety on Your Course

Stogie Balls lowers the risk of accidental fires. This solution safeguards the golf course, facilities and surrounding properties from potential damage.

### Innovative Disposal Solution

Stogie Balls patent-pending design offers a safe method to extinguish cigars, preventing improper disposal in golf carts, on paths or around course facilities. This practical design keeps the course and surrounding areas clean and free of any unwanted cigar debris.

### Unique Retail Item

They are a standout retail accessory for any golf course facility.

## For Golfers and Cigar Enthusiasts

### Unique Gift & Keepsake

Stogie Balls are a collectible keepsake that can be used repeatedly, adding a memorable touch to any golf outing.

### Hassle-Free Cigar Storage

Stogie Balls offer a dedicated, secure holder for burning cigars during golf shots, significantly reducing the risk of misplaced or lost cigars.

### Optimal Burn & Draw

Stogie Balls design promotes a consistent burn and draw, minimizing the need to frequently re-light it.

### Ash Control

Stogie Balls are designed to limit the dispersion of ash. Positioned under or on the dash of the golf cart, they prevent ash from excessively blowing onto players' clothing.

### Efficient Extinguishing Method

Once you have finished enjoying your cigar, Stogie Balls provide a safe and convenient way to extinguish it, ensuring that both safety and etiquette are upheld on the course.
