I. COMPETITION OVERVIEW

The 2027 Eastern High School Sectional Final will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the current rulebook, and/or current Compete USA handbook, and the 2026-2027 High School Skating Handbook, as well as any pertinent updates that have been posted on the U.S. Figure Skating website.

This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules.

Skaters must be a currently registered member of a U.S. Figure Skating member club, (if offering Compete USA events) Learn to Skate USA® member, a collegiate club or who is an independent member in accordance with the current rulebook. For non-U.S. citizens, please refer to the rulebook for more information.

ELIGIBILITY & TEAM FORMATION

All skaters participating in this competition must be part of a U.S. Figure Skating high school figure skating team. Teams must be currently registered with U.S. Figure Skating for the 2026-2027 competitive season.

All skaters must be enrolled as a full-time student as defined by the institution that they attend, grades 9-12, as per state guidelines. This includes traditional, homeschooled, and virtual students.

A minimum of two (2) skaters is required to form a team. Team members may include skaters of any gender. Skaters do not have to be at the same test level.

Athletes may compete either for the high school they are attending, or as a high school collaborative, defined as follows:

- Athletes from a single school, representing that school, OR
- Athletes representing two or more area high schools combining to form a team.

There is no qualification requirement to participate, and a skater does not have to have competed in any other high school competition prior to this. Teams are not required to send all team members to compete at this event. Teams may send as many athletes as they wish to compete and represent the team.

NOTE: Competitors may not represent more than ONE high school skating team at one time.

HIGH SCHOOL SKATING TEAM MEMBERSHIP

All High School Skating Teams participating in high school competitions must register with U.S. Figure Skating on the Members Only website. This will include creating a team roster to include all skaters on your team and paying the annual team dues.

All teams must have at least one Team Manager who is 18 years or older, must have a current U.S. Figure Skating membership and be fully compliant. Team coaches are not required to form a team. However, if a team chooses to have a team coach, this person may also serve as the team manager.

For detailed instructions on how to create your team, please refer to the Steps to Register/Renew Your High School Team.

II. ELIGIBILITY

TEAM ELIGIBILITY

All teams must be eligible, registered teams, as defined in Section 1 of this announcement. **Each team may enter a maximum of 30 starts per competition.**

Not all skaters on the team's roster must be assigned to an event. Unassigned skaters may be used for substitutions. Best practice for maintaining a roster to be used for substitutions will be up to the LOC/Interclub/Series administration organization.

Athletes are not permitted to enter multiple levels of the same event at this competition (example: A skater cannot enter both Excel Junior Free Skate and Excel Senior Free Skate).

TEST LEVEL ELIGIBILITY

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.
    - Skate Up: skaters may skate up one level higher than their minimum test requirement allows.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
    - If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
    - If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Championship Track and Specialty

events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
    - If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.
- Skaters are not permitted to enter an Excel free skate and a Championship Track free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Championship Track event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).

All other singles and partner events (such as Showcase and Solo Dance):

- Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.

Team Maneuver Events:

- Athletes may compete at their test level or higher. Athletes **may not skate down** in Team Maneuvers if they have exceeded the maximum test permission.
