Application Packet
Program Year 20__ - 20__**

APPLICATION PURPOSE AND AVAILABILITY

NC Pre-K funds may only be used to support services for young children in the year prior to entering Kindergarten. Approved sites will be funded for the extent of the contract cycle. All awards are contingent upon and subject to appropriation, allocation and availability of funding through the North Carolina General Assembly and the North Carolina Division of Child Development and Early Education (DCDEE). Approved sites are required to comply with all applicable NC Child Care Rules, specifically Rule .3000 NC Pre-Kindergarten Services, the NC Pre-Kindergarten Program Requirements, and the NC Pre-K Program Fiscal and Contract Manual, during the funding cycle. **As determined by the local NC Pre-K Committee, approved sites may not be required to resubmit an application for each funding cycle unless non-compliance is noted within site monitoring results.**

APPLICATION REVIEW PROCESS

Local NC Pre-Kindergarten (NC Pre-K) Programs are expected to offer families a variety of eligible settings to choose from to provide a high-quality pre-kindergarten experience that will meet the needs of each individual child. A non-conflicted NC Pre-K Site Selection Sub-Committee will recommend sites for NC Pre-K placements and advise the local NC Pre-K Committee as they work to fulfill contractual site selection obligations. Information about approved sites is entered into the NC Pre-K Plan for _____ County, as directed by the North Carolina Division of Child Development and Early Education (DCDEE). Once the Division approves the plan, local sub-contracts may be awarded by the contracting agency. Final funding of slots is contingent upon approval of the budget passed by the North Carolina General Assembly.

Approval as a site for the contract cycle _____ does not guarantee that slots will be awarded, only that a site is *eligible* to serve as a placement option for NC Pre-K children. Slot allocations will be determined at a later date by the NC Pre-K Committee. Slot allocations per county are based upon the amount of funding distributed to each county from DCDEE.

The primary consideration for the selection of sites and allocations of slots is to provide the highest quality early education setting to meet the needs of the most at-risk children and families. Consideration is given to existing NC Pre-K sites and the continued employment of qualified NC Pre-K BK Licensed teachers. Consideration is also given to new applicants who demonstrate high quality to ensure that a diverse selection of services is available for at-risk children. **Continuation as a NC Pre-K site is not guaranteed.**

APPLICATION DEADLINE

Completed applications must be received (not postmarked) by 5:00 PM on _____. Applications received after the deadline may not be accepted for review.
