A little about us:

First United Methodist Child Development Center is located in downtown Salisbury. Our program offers fun-filled learning opportunities for all children. Our curriculum focuses on developing the whole child by providing engaging learning activities. We promote family engagement and encourage families to partner with us in order for their children to be successful in all areas. Our center is safe and secure.

A little about us: Partners In Learning is Rowan County's leading provider of high quality and educational early learning services. **We are the ONLY nationally accredited, 5 STAR licensed program in Rowan County.** Our education philosophy is research-driven, experience-rich and will effectively help your child learn in a way that is lasting and foster a life-long love of learning. Through our research-based curriculums and high-quality teachers, children learn by discovering and constructing their own knowledge through hands-on fun learning experiences, "meaningful play." Kindergarten teachers report they can tell when a child has attended Partners In Learning because of their advanced readiness skills.

Call 704-638-9020

TOGETHER WE CREATE A LOVING COMMUNITY OF PURPOSEFUL LEARNING THAT FOCUSES ON THE WHOLE CHILD; BODY, MIND, AND SPIRIT.

We offer transportation: (fees apply)	Yes		
We require uniforms:	No		

A little about us: Price Head Start promotes the school readiness of children by enhancing their cognitive, physical, and, social and emotional development through various indoor and outdoor activities. The activities support the children's growth in many areas such as language and literacy, math and science, art, and social and emotional development. Our program provides an atmosphere where Active supervision and parent involvement are stepping stones. We emphasize the role of the parents as their child's first and most important teacher, therefore we operate to serve our families as a whole with programs that help build relationships with families and the community, support family well-being, and many other important areas.

The children are tasting different types of apples to see which one they like better. The classrooms participated in NC Crunch.

We offer transportation: (fees apply)	No		
We require uniforms:	No		

A little about us:

Our NC Pre-K program is designed to provide high-quality educational experiences to enhance school readiness for 4-year-olds. We have dedicated teachers that have an average total of over 13 years' experience. Our program uses Teaching Strategies Gold to implement project-based studies that allow children to explore many topics of interests. Teachers use a variety of assessment tools to help make sure that they are meeting the children at their developmental level and providing activities tailored to their needs. Our program strives to allow children to take leadership in their learning by collaboration work, play based activities, and children choosing interest topics. We have an open-door policy that allows families to be involved in their child's learning. This is done through home visits, family activities, parent-teacher conferences, and family volunteer opportunities.
