

## **AWANA Dismissal**

Starting this year, we'd like children to be dismissed in the auditorium to their parents. No child will leave the auditorium unless they are accompanied by their parent.

At the conclusion treats will be given to the children in their designated area. Once the supervisor/teacher has visual contact of the child's parent, the child is dismissed. A supervisor will stay until all children have been dismissed.

Students are to remain seated in their chair until they are dismissed to their parent.
