

## Chipping Challenge

### Rules, Regulations and Scoring

- 1) Each Player will receive 3 attempts to get as many points as possible.
- 2) Missing the target results in a score of 0 for that ball.
- 3) The scoring will be the same as a dart board. Including triples, doubles,

single bull, and double bull. See chart above.

- 4) After each player takes their 3 shots the points are then tallied and added to the aggregate score for their team.
- 5) Each player is only awarded 5 strokes in total. Each stroke that does not strike a ball will still be counted towards the total amount of strokes allowed.
- 6) If a player has taken 4 swings but only hit one ball, they will still only have 1 stroke left to hit a ball onto the target to gain points.
