NOTE: "Points" column is the points value computed based on placing.
The points value is computed using standard points values: 10, 6, 4, 2, 1, 0.5
For classes flagged as Bonus points classes points values are: 15, 9, 6, 3, 2, 1
Points are only computed for placings 1 through 6.
If the class has a points multiplier defined it is shown in the class name heading and is factored into the points computed.
