2022 Newsletter

Thank you for hunting with me in 2021.

The 2021 hunting season is over with another on the horizon.

We operated a very successful fall hunt with 100% sightings. Only erratic shooting and personal choice prevented my hunters from achieving a 100% harvest success rate.

The spring hunt was cancelled due to the pandemic.

We were not able to hunt numerous baits in the Wawa, Henson Road and Pukaskwa area due to construction of the E/W Transmission Line. However, with construction completed by this spring, I expect most of these baits will be available for the 2022 Bear Hunt.

I will have both a Spring and Fall Bear Hunt for 2022. The Spring season opens on May 1st, and I will offer a *Limited* Spring Bear Hunt starting May 26th to June 15th. The Fall season starts on August 15th, and I will offer hunts from August 15th to September 15th.

Stay safe and hope to see everyone in 2022.

Sincerely,
Rick & Darleen
