Yardney Gravity Screen Filters are designed as a primary filter or for recycling and reuse of backwash water from a primary filtration system. These rugged, stainless steel filters are built with the same high performance, high efficiency standards as our other product lines.

Applications
- For primary filtration or for recycling and reuse of backwash water from a primary filtration system

Features
- Stainless steel construction
- Hydraulic powered spray wands
- Inlet and outlets utilize a groove coupling
- Curved screen lip to allow easier flow of containments off of screen
- Sacrificial anode
- Stainless steel hinges on all door openings
- Stainless steel hardware
- Made in USA
