## Bayside BRIEFS:

## WHICH NEXTDOOR NEIGHBOR ARE YOU?

### BEAUTIFUL BRASS DONATON

In February 2004, Mark Zuckerberg and Dmy Lin, roommates and fellow Harvard University students started Facebook and it took off like crazy. I would go on but most of you have seen the movie. In 2011, The Nextdoor app reared its ugly head. At first I thought it was a wonderful tool! If someone needs to be warned about something going on in the neighborhood that is of importance, such as someone breaking into houses or suspicious characters, this would be a great way to get that information out there. Well, it was great until it was abused by many.

Nextdoor was not created to serve as a political platform. If that were the case, we would have had Trump and Biden on our Nextdoor app.

Some of the people who post on Nextdoor fall into distinct categories. There is the Red Alert. Every message is posted with high importance. It is not URGENT that a dog is running loose. Fido probably slipped out of the bottom of the fence that the owner keeps putting off fixing. (Shame on them.) With that being said, all dogs that are running loose are not strays! They probably have a little girl or little boy out there looking for them or are simply going for a stroll and will return home by themselves. I agree with getting the dog off the streets and posting pics or checking to see if it has a microchip, but do not take that dog in and say, "If nobody claims it, I'm taking it to the shelter tomorrow." Leave the damn dog alone and let someone with patience and compassion take it in.

Then there is David and Debbie Downer. They make negative comments on every post! It's like they are in a crappy mood and just scrolling down every post. Stop that!! Everyone is reading this and saying "Oh, not THAT GUY again"

Oh, boy. The next kind of Nextdoor user is The Newbie. He's the guy that says, "Hi. I'm so-and-so. I am new to the area and I'm looking for some side jobs. I can do anything you need done." WAIT WHAT? You are new to town and I am inviting you to my house to fix a plumbing problem? Hi, Mr. So-And-So, welcome to my home. The plumbing problem is in my master bath and, yes, that is my jewelry box we are walking past! People, don't do that! Who knows where that person is from and why they left. Did they get run out of the previous town? Who knows! Below Mr. So-And So's post there is another post that reads "I am looking for someone to do some yard work and some basic carpenter work around the house." Does Mr. So-And-So answer that post? NO, he doesn't nor does the other eight people looking for side work. I see a lot of people saying they need work but I don't see a lot of those people commenting on the lady's post saying she has work for someone.

In fact, I have never seen so many people looking for handouts. This one is called the I Hate to Ask. I saw a post from a girl that was pregnant and had no baby items and asked for free handouts. When the Good Samaritan responded that they had baby items that they would donate, the girl said she had no car and could they drop the items off to her. The kind person agreed to drop items off and the pregnant girl asked if they would stop and get her a pack of cigarettes. WHAT??? While there's nothing wrong in asking for help, a little gratitude will go a long way. If you need help, try the local churches or other community services.

Please do not put on Nextdoor that you are looking for a teenager to babysit your children that night. Please, please get to know the teen and their family before allowing someone to babysit your child.

Then there is the Hijacker. It doesn't matter what the conversation is, it could be about pink, fluffy elephants, and this person will slip in and change the whole conversation to nasty negative crap. Stop. You are mean and people are sick of you! Oh, and the spin off sites are so unbelievable! You can start your own site and call it what you want! There is a person that actually thinks they have an online newspaper! What the hell are they thinking? A little more than copy and paste goes into a newspaper. If you want to see an online paper, go to [www.theseabreeze2020.com](http://www.theseabreeze2020.com)

# THANK YOU TO SUNNY SAN LEON!

Once again, Sunny San Leon has outdone itself in showing its love and generosity. The San Leon Cemetery Committee Annual Fish Fry was a huge success! It was so much fun seeing everybody and it seemed like old times. Special thanks to Hillman's Seafood for hooking us up with the fish and, of course, the world famous shrimp slaw. Danny and Tammy Stoots, Michael Jakubas, Stevie Harris, Jody Ward, and the entire cook shack crew for once again getting all the food on the table. Mama Cass for doing a great job as an auctioneer and keeping the tunes rolling. Dee Clayton and Jacki Keith for making the auction go so smoothly. Friends and family of the committee members for once again pitching in. Thank you to everyone who donated and purchased auction items. We hope everybody got something they wanted. Thank you to the American Legion Post 291 for letting us use your great venue. The Cemetery Committee is working on a few things for the spring so stayed tuned for updates.

# Letters To The Editor

had to shut down the dining area and could only do takeout or delivery. The owner offered me a position as a food runner in the parking lot and he would pay me \$7.25 an hour. I was, like, WHAT? Mind you, as a food server I make \$2.13 an hour but I make good tips. I could not believe that he offered me only that much an hour to run food to the parking lot with maybe a tip. I am making too much money from unemployment to deal with \$7.25 an hour. He has called me for a year wanting to pay me \$7.25 an hour.

I found out that he closed down for good a couple of months ago. I believe it was because he didn't want to pay people a decent wage. I am now looking for a job and was wondering if The Seabreeze has any job openings.

**Signed,  
Searching for a job in Kemah**

Dear Searching,  
Are you kidding me? You had a good job making bank with a restaurant that tried to keep you working through the pandemic and you chose to lay up on your ass (probably smoking pot and playing video games) and collecting unemployment. Your previous employer did everything he could do to keep his business open and must have thought a lot of you to try to keep you employed. As a matter of fact, I do have an opening for you and a LOYAL employee like you should not make minimum wage. I will start you out at \$8.00 an hour. I need you to be at my house at 7:00 am.

Dear Editor,  
I believe a lot of conflict in the Wild Wild West could have been avoided if the cowboy architects had just made their town big enough for everyone.

**Signed,  
Just thinking in Texas City**

Dear Thinking,  
I think you're on to something.

Dear Editor,  
I work in a call center in Kemah and we've just been told our jobs are moving to India. I'm so excited! I've always wanted to visit India and with the salary they pay I can live like a king over there.

**Signed,  
Packing my bags in Kemah**

Dear Packing,  
Did they tell you that you've also won a billion dollars in cash and a trip to Mars onboard the space shuttle? Also, you will have to change your name to Peggy.

Dear Editor,  
What is going on at Mooner Beach? I have lived here for 20 years and used to go often with my wife and kids. It wasn't called that back in the day. Well, the kids are grown and married. We decided to plan a family BBQ and we started talking about Mooner Beach and naturally the spouses of my kids wanted to go check it out. We got there and it looked like a 3-ring circus! This is a public beach owned by the State of Texas! Who gave the ok for all the stuff on the beach? I know a lady named Rhonda would handle the cleaning of the beach.

**Signed,  
Confused in San Leon**

Dear Confused,  
You're right. Mooner Beach has become a mess. There are far too many structures, most of which are not up to code and could cause a big problem if the right kind of storm came in. Also, constant and uninformed grading of the beach has caused a problem for the rocks and vegetation. The beach used to be a beautiful quiet natural spot to enjoy the bay. "Deputy" Roy Bryant was an excellent caretaker of the beach until he tragically passed away. Rhonda is the registered agent of Mooner Beach with the General Land Office. She has been out of town but is now back and working on how to restore the beach to its more natural state. All are welcome to our little hidden beach, but let's not ruin it by cluttering it with so much stuff!

Dear Editor,

# San Leon Don's FISHING TIPS

Don is on a first name basis with most of the local fish...

I know fishermen get tired of me publishing that San Leon is the best spot to launch your boat on Galveston Bay. It's been a secret for years. If you launch your boat in Seabrook, you have a long boat ride to the fishing spots as they only have a few good places to fish.

Texas City has better access to the jetties. San Leon has two free boat ramps, the Spillway and the Dickinson Bridge. We also have Topwater at the south end of 12th St. with very reasonable launch rates and Eagle Point Marina with a good launch and live and dead bait with a reasonable launch fee. Fish are being caught all around San Leon, most at the deeper reefs out around the channel. You might try Exxon A lease out of San Leon using a live shrimp under a popping cork.

## DEAR STEVE'S WIFE TRAINING SCHOOL TIPS FROM A GRADUATE

### "The Boobies" Cop a Feel

Everyone who knew Dear Steve knew he was a huge fan of the boobies. Round or long, big, or small, he didn't care, he loved them all. So this month, being it is Breast Cancer Awareness Month, we will be giving you a few boobie tips. Ladies, I encourage you to allow your husbands to help you with these few simple techniques. I think you will find this is one honey-do that he will not mind doing. Doctors recommend doing a boobie check at least once a month. But, hey, why not once a week? Maybe it just could become part of your weekly date night!

Girls, before you get started, take a nice long shower and get all fixed up. Remember, although this is serious business, we must always look our best for our husbands.

Here are a few things that should be looked for while doing this exam. A lump, firm knot, or thickening in the boobie. A change in size or shape of the boobies. Lumps under the arm. Nipple pain, tenderness, discharge, or bleeding. A nipple turning inward or inverted. Changes in texture or color. Swollen, warm, sore, or itchy boobies and any signs of a rash.

**Step 1:** Men, have your wife lay topless on a comfortable surface like a bed or sofa. Make sure the area is well lit and perhaps put on some Barry White playing softly in the background. Have her put one arm behind her head and prop her shoulder up with a thin pillow.

**Step 2:** Take your three middle fingers and apply slight pressure to the boobie on the same side as the raised arm. Using the pads of your fingers, not the tips, gently use enough pressure to feel for lumps, knots, or thickening.

**Step 3:** Use a pattern of your choice. Go up and down vertically as if you're drawing invisible lines or start on the outside of the boobie and spiral in until you hit the nipple. Keep this pattern constant when you do the exam, and don't forget to feel underneath the armpit. Additionally, check to see if there is a difference in skin texture or tone, or any discharge from the nipples.

**Step 4:** Have your wife raise the other arm and repeat the exam on the other boobie.

**Step 5:** When you finish examining your wife's boobies, have her stand up and start the exam from the beginning because, as you know, your wife's boobies look and feel different when she stands upright. Be mindful of the various symptoms to look for and make sure you examine the boobies the same as you did when she was lying down. Repeat all steps as needed.

On a serious note, as the Founder and Director of Sisters Helping Sisters Fishing Tournament, I have had hundreds of conversations with ladies diagnosed with breast cancer. I cannot count the number of times ladies have said to me, my husband, my boyfriend, or my significant other found my lump. The National Breast Cancer Foundation reports that 40% of breast cancer is found by self-exams. You are never too young or too old to do these potentially lifesaving exams. Our youngest gal was 21 and our oldest was 84 when diagnosed. And, oh, by the way, men get breast cancer too! Roughly 2000 men in the United States are diagnosed with breast cancer every year. So, ladies, shake it up and perform the same exam on your man!

If you would like to know more about Sisters Helping Sisters Fishing Tournament and our sister group, Pampered Pink Bay Area, please visit our websites.

# Funny Bones

A husband and wife were having dinner at a very fine restaurant when this absolutely stunning young woman comes over to their table, gives the husband a big kiss, says she'll see him later and walks away. His wife glares at him and says, "Who the hell was that?" "Oh," replies the husband, "she's my mistress." "Well, that's the last straw," says the wife. "I've had enough, I want a divorce." "I can understand that" replies her husband, "but remember, if we get a divorce it will mean no more shopping trips to Paris, no more wintering in Barbados, no more summers in Tuscany, no more Infinities and Lexuses in the garage and no more yacht club. But the decision is yours." Just then, a mutual friend enters the restaurant with a gorgeous babe on his arm. "Who's that woman with Jim?" asks the wife. "That's his mistress," says her husband. "Ours is prettier," she replies.....

A teenage boy had just passed his driving test and inquired of his father as to when they could discuss his use of the car. His father said he'd make a deal: "You bring your grades up from a C to a B average, study your Bible a little, and get your hair cut then we'll talk about the car." The boy thought about that for a moment, decided he'd settle for the offer, and they agreed on it. After about six weeks his father said, "Son, you've brought your grades up and I've observed that you have been studying your Bible, but I'm disappointed you haven't had your hair cut. The boy said, "You know, Dad, I've been thinking about that, and I've noticed in my studies of the Bible that Samson had long hair, John the Baptist had long hair, Moses had long hair...and there's even strong evidence that Jesus had long hair." His father replied, "Did you also notice they all walked everywhere they went?"

An American on vacation in Paris is having breakfast at a cafe one morning (coffee, croissants, bread, butter and jam) when a Frenchman, chewing bubble-gum, sits down next to him. The American ignores the Frenchman who, nevertheless, starts a conversation. Frenchman: "You American folk eat the whole bread?" American: "Of course."

Frenchman keeps loudly chewing his gum, and says, "We don't. In France, we only eat what's inside. The crusts we collect in a container, recycle them, remake them into croissants and sell them to the States." The Frenchman has a smirk on his face. The American listens in silence. The Frenchman persists: "Do you eat jelly with your bread?" American: "Of course."

The Frenchman keeps chewing his gum, and says, "We don't. In France we eat fresh fruit for breakfast, then we put all the peels, seeds, and leftovers in containers, recycle them, remake them into jam, and sell the jam to the States." After a moment of silence, the American then asks: "Do you have sex in France?"

Frenchman: "Why of course we do," he says with a big smirk.  
American: "And what do you do with the condoms once you've used them?"  
Frenchman: "We throw them away, of course."  
American: "We don't. In America, we put them in a container, recycle them, melt them down into bubble-gum, and sell them to France."

When Bill Gates died, he went up to Heaven, where Saint Peter showed him to his house; a beautiful 20 room house, with grounds and a tennis court. Bill Gates was pleased, and spent many months enjoying the amenities of Heaven. One day, he was enjoying one of Heaven's many fine parks, when he ran into a man dressed in a fine tailored suit. "That is a nice suit, my friend," said Gates. "Where did you get it?" "Actually," the man replied, "I was given a hundred of these when I got here. I've been treated really well. I got a mansion on a hill overlooking a beautiful hill with a huge five-hundred acre estate, a golf course, and three Rolls Royces." "Were you a pope, or a doctor healing the sick?" asked Gates. "No," said his new friend, "Actually, I was the captain of the Titanic." Hearing this made Gates so angry that he immediately stormed off to find St. Peter. Cornering Peter, he told him about the man he had just met, saying, "How could you give me a paltry new house, while you're showering new cars, a mansion, and fine suits on the Captain of the Titanic? I invented the Windows Vista operating system! Why does he deserve better?!!!" St. Peter says, "Well for one thing, the Titanic only crashed once....."

A man was driving down a quiet country lane when out into the road strayed a rooster. Whack! The rooster disappeared under the car in a cloud of feathers. Shaken, the man pulled over at the farmhouse and rang the doorbell. A farmer appeared. The man somewhat nervously said, "I think I killed your rooster, please allow me to replace him." "Suit yourself," the farmer replied, "the hens are round the back."

After retirement, Mr. Nelson Jones, aged about 60, married a young 25 year old woman. Now he was spending less time with his friends. His concerned friends enquired if there was a problem. "I'm eager to pass time with you all, but my young wife gets lonely when I'm away." His friends advised him: "Keep a young tenant at home, your wife will be happy in the company of a younger person." Mr. Jones promptly acted on their advice and leased a room in his big house to a young tenant." Now the friends were meeting more often. One day the friends jokingly asked, "How is your wife now?" Mr. Jones said, "She is not lonely at all. In fact, she is happy and she is pregnant." The friends laughed, as they expected this. And how is the tenant," they asked. Mr. Jones replied very soberly, "She is also pregnant."

# San Leon MUD Update

Your water bill is calculated based on the amount of water you use, so how do we measure your water usage? San Leon has electronic meters that store your usage on an hourly basis that are then gathered by our meter readers with special equipment. However, you can always track your usage yourself or check to see if you have any leaks. Just open your meter box and make a note of date and time of the read based on the image below.

If you take another read at the same time on another day, you can subtract the two numbers to see how many gallons of water you used during that time. As always, if you have any questions about your usage, don't hesitate to contact the office and we'll be more than happy to assist you with figuring out your usage trends.

We need you to tell us who the people are in the picture, who and where they caught the fish, how much it weighed, when it was caught, what kind of fish it was, what kind of beer and bait the angler was using, and any other pertinent information you want to see printed in the paper. Ever since our crystal ball got lost in Hurricane Ike, we have no way of knowing these vital facts unless you tell us!

**The 11th Annual Pampered Pink Gala was proudly hosted by Pier 6 Seafood in San Leon, Texas and was a great success. We must start with thanking all our sponsors, supporters and volunteers who support this event year after year and make it possible. Because of the devotion of the owners and staff at Pier 6 Seafood, this year's gala was the best one ever. We cannot thank The Halili Family enough for all the heartfelt extras they did to make it shine and be a complete success.**

**It will not soon be forgotten as we are still receiving messages raving about the 5-star meal that was served and the great service received by our guests.**

**But it didn't stop there.**

**Pier 6 Seafood and The Halili Family surprised us with a very special guest auctioneer, Senator Larry Taylor who did a remarkable job auctioning the items that are donated yearly by the supporters, friends and family of Pampered Pink and Sisters Helping Sisters.**

**And then came the ultimate surprise.**

**The Halili Family and Pier 6 Seafood donated back the entire cost of the meals totaling \$7250.00!**

**Making the grand total for the 2021 Pampered Pink Gala fundraiser for local men and women battling breast cancer just over \$44,000.00!**

**From the bottom of our hearts, we thank The Halili Family, Pier 6 Seafood and staff, our sponsors and all who support this mission.**

**To date, Sisters Helping Sisters Fishing Tournament, a nonprofit organization, and Pampered Pink Bay Area have put directly into the hands of those battling breast cancer over \$640,000.00.**

**October is of course breast cancer awareness month. If you would like to donate, please visit our website [www.shstexas.org](http://www.shstexas.org).**

I thank you, God, for making me so mysteriously complex! Everything you do is marvelously breathtaking. It simply amazes me to think about it! How thoroughly you know me, Lord! Every single moment you are thinking of me! How precious and wonderful to consider that you cherish me constantly in your every thought! O God, your desires toward me are more than the grains of sand on every shore! When I awake each morning, you're still with me.
