DON'T LET SOMEONE LOVE YOU TO DEATH

There is an epidemic going on in the United States. We will call it Relationship Abuse. Some couples are married, living together or just simply dating. This Relationship Abuse does not discriminate, it happens in all colors, religions, young, old, rich, poor, gay, straight, men or woman, and or whatever relationship people get into.

It's 2024 and people identify as some crazy stuff! (If I see you walking down the road being led by a leash, I will throw my beer can at you) Please identify as what you want, but don't identify as a person that will raise your hand in anger to another human being or the human that will sit and take it. Some people are into a little spanky spanky or a little slappy slappy, but when that is done out of anger there is a problem, it is Relationship Abuse.

Red flags of Relationship Abuse might be watching someone that is in a relationship where they seem to be isolated, no longer hanging out with family or friends. They may no longer dress nice, and don't seem to be the person they were before they got in their relationship. They no longer show up to

family functions or outings with friends. You may witness jealousy and controlling tendencies between the couple.

Back in the day, people said "that's none of my business or I'm not getting involved." Most people still think that way. If you care about that person, make it your business and get involved, but not to the point that you put yourself in harm's way.

If you are in a domestic violence relationship, when your abuser hits you, call the cops! Follow through with the advice that the police give you. If your abuser goes to jail, that is your time to get your belongings and GET OUT! Especially If you have kids, grab them and go! Do not let your children think that is a tolerated behavior. You may not have any friends or family left that want to deal with the situation any more, but there are shelters. If you keep calling the cops everytime you are hit by your abuser, after a while the cops get numb to your situation, your family and friends already gave up and now the cops have. When the cops get the call and it's your address again they will say, well Bob and Sally are at it again.

In most cases your life is in danger. You may tell yourself "he just pushes me around every now and then" well what about that last time your abuser pushes you and you hit your head just right on the fireplace? If you make it out of that relationship, go! Don't look back! You may tell yourself, "well they love me..." Don't let someone love you to death!

Please don't be that person that says, "I knew there was something wrong with that couple," as the coroner is taking a body out of your neighbors house, or "I knew my family was in a bad relationship, but I didn't know it was that bad," as you are making funeral arrangements.

BABY MOSES LAW: PROTECTING YOU AND YOUR CHILD

"...You have the option to bring your baby to a designated safe place with no questions asked."

If you have a newborn that you are unable to care for, you have the option to bring your baby to a designated safe place with no questions asked. The Safe Haven Law, also known as the "Baby Moses Law," provides parents with a safe and legal choice to leave their infant with an employee at a designated safe place, such as a hospital, fire station, free-standing emergency center, or emergency medical services (EMS) station. Once there, your baby will receive medical care and be placed with an emergency provider.

If you are considering bringing your baby to a Safe Haven, here is some important information to keep in mind: Your baby must be 60 days old or younger, unharmed, and safe. You can take your baby to any hospital, fire station, or EMS station in Texas. When you arrive, you need to give your baby to an employee who works at one of these safe places and inform them that you wish to leave your baby at a Safe Haven.

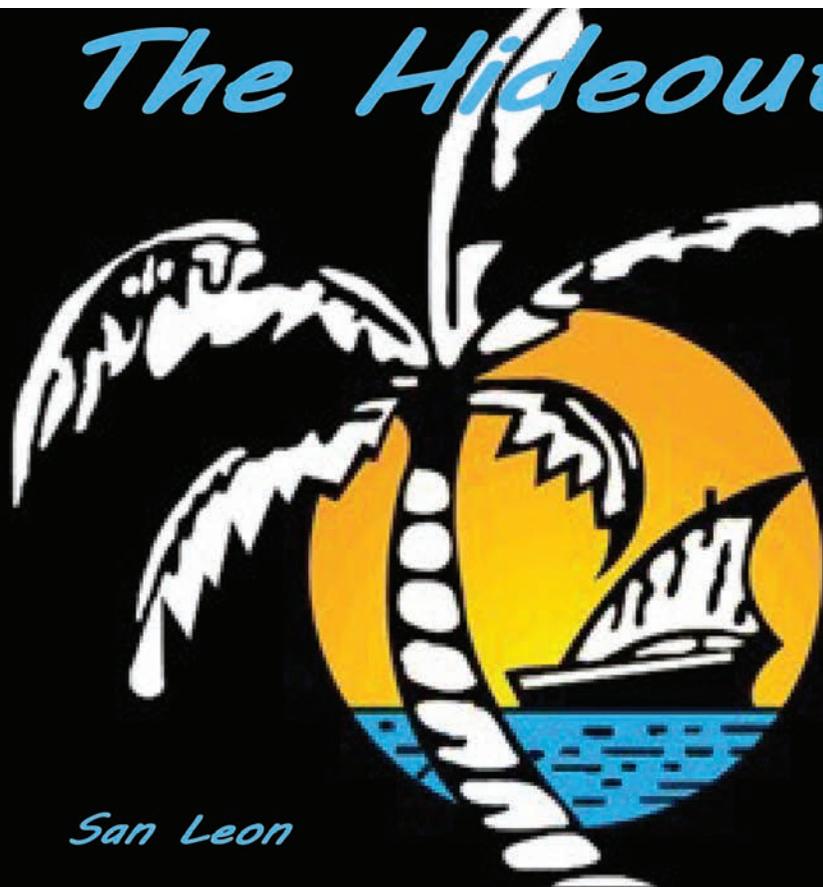

An employee may ask you for family medical history to ensure your baby receives the appropriate care. If you

leave your baby at a fire or EMS station, they may be taken to a hospital for any necessary medical attention. Remember, if you leave your unharmed infant at a Safe Haven, you will not face prosecution for abandonment or neglect.

For more information, visit the Baby Moses Project website or call the Texas Baby Moses Hotline at 1-877-904-7283.

FUNNY

BONES

Next time you use a pair of rubber gloves, you're going to smile when you think of this...

A dentist noticed that his next patient, a little old lady, was nervous, so he decided to tell her a little joke as he put on his gloves.. 'Do you know how they make these gloves?' he asked.

'No, I don't,' she replied.

'Well,' he spoofed, 'there's a building in Canada with a big tank of latex, and workers of all hand sizes walk up to the tank, dip in their hands, let them dry, then peel off the gloves and throw them into boxes of the right size.'

She didn't crack a smile.

'Oh, well. I tried,' he thought.

But five minutes later, during a delicate portion of the procedure, she burst out laughing.

'What's so funny?' he asked.

'I was just envisioning how condoms are made!' (Gotta watch those little old ladies! Their minds are always working!)

Life hack! 😊😂😂

Smoke a blunt and only put visine in one eye...

Now you have been sent home from work for pink eye and can go fishing!

LETTERS TO THE EDITOR

Dear Editor,

I was sitting at a bar and grill in San Leon last weekend and I witnessed 2 neighbors get into an argument about San Leon being an unincorporated area of the county and if the county can remove a car from private property for not having up to date tages and the grass has grown 3 feet up around it. What is the law on that?

-A newbie in Galveston county

Dear Newbie,

First of all welcome to San Leon and we don't have bar and grills, we call them watering holes with snacks. Yes, if you have a car that is not in compliance and it can be seen from a public place like a road or the local watering hole with snacks, you can be turned into junk vehicle abatement. That is considered an environmental crime.

Love Thy Neighbor goes a long way in this situation.

KITES TO SOAR OVER SPILLWAY PARK OCTOBER 5TH

Mark your calendars and Come Fly A Kite October 5, 2024 at the BAYSIDE FAMILY KITE FEST hosted by the Bayside Lions Club. This exciting event will be open to the public and is meant to promote community and encourage family fun. It is sure to become an annual event.

Do you know that kite flying dates back nearly 3000 years ago? The fastest recorded speed of a kite is over 120 mph; the highest a single kite has ever flown is 12,471 ft. above sea level; and the world record for the longest "kite fly" is 480 hours. Kites symbolize freedom and the ability to rise above! They were initially used for military tactics, then scientific research and during World War 1 to airlift radio antennae for wireless communication. Today they are mostly used for recreation and sport but still used for aerial photography and data gathering.

This FREE event will be held at Bayshore Spillway Park from 11:00 am to 3:00 pm. The day's events will feature professional kite flying demonstrations, music, free kites and string for children ages 14 and under and food and drink concessions sold by the Lions Club. Businesses interested in sponsoring this fun event should contact the Bayside Lions Club at BaysideLionsTX@gmail.com for more information.

San Leon MUD Update

Property Address Reminder

Part of San Leon's rate order requires that all residential and commercial buildings in the district have the property address posted on the building. The letters and numbers used to mark addresses should be at least three inches high and should be placed on the building, so they are visible from the street. This is to the residents' benefit as well since any EMS responders will be better able to locate your property with the address visible.

September is usually the best time of the year to fish in Galveston Bay.

It seems the fish are getting ready for winter and get more aggressive with the way they eat.

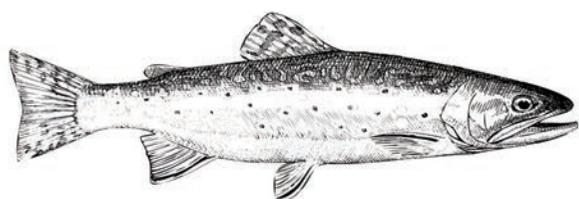

Several speckled trout have been caught around San Leon all summer, some of which are under legal size and must be released.

When I'm fishing, if I start catching two or three under size, I move to another location. If you are going to release a fish, do it as quickly as possible. If it's hooked in the throat, cut the line, leave the hook, and never use a rag to handle the fish you are returning.

The Star Fishing tournament will be ending soon. I don't have any results yet, but don't believe it was as active as usual on the tagged red fish.

Remember to take a kid on your next trip.

Be safe and courteous on the water,
San Leon Don

SAN LEON CEMETERY & COMMITTEE

Darrell Edward DeFalco

Darrell Edward DeFalco, 64, a resident of San Leon, Texas, passed away on July 29, 2024. He was born on February 17, 1960 in Toledo, Ohio, to parents, Ralph Joseph DeFalco and Rachel Louise (Warns) DeFalco.

Darrell worked as an iron worker and crane operator for many years. He worked very hard to provide for his family and was the very best at his job. His nickname Krazy, which most knew him by, was given to him in his iron working days. That is also when he met a lot of his closest friends. Darrell was an outstanding father to his children and a loyal friend. He enjoyed spending time with his kids and grandkids. He did anything and everything for them at any given time. Darrell had strong faith in God. He was a member of His Touch Worship Center and volunteered every Sunday. One of Darrell's favorite things to do was grill, drink an ice cold beer and smoke a cigar. His children thought the world of him and cherished him dearly.

He was preceded in death by his parents. He leaves behind to cherish his memories, daughter; Kristen Anne Barnett and husband Kolton Young Barnett, son; Samuel William DeFalco and wife Yuliana Carmen DeFalco, daughter; Rachelena Anne DeFalco and daughter; Jennifer Lynn Taylor.

Grandchildren: Kaylie Anne Wallace, Kimberly Anne Wallace, Kinley Anne Barnett, Kyndall Anne Barnett, Kayla Rose Mason, Tyler Darnell Mason and Ethan Michael Taylor.

Great-granddaughter: McKenzie RoseLynn Hysell

Words of Encouragement

John 16:33 AMP

I have told you these things, so that in Me you may have [perfect] peace. In the world you have tribulation and distress and suffering, but be courageous [be confident, be undaunted, be filled with joy]; I have overcome the world." [My conquest is accomplished, My victory abiding.]
