

Shop Setup Requirements (The Audit Checklist)

For a shop to pass this section of your audit, they must physically have:

- First Aid Kit: Fully stocked and unexpired.
- AED (Automated External Defibrillator): Highly recommended for high-volume shops.
- Glucose Supply: Juice boxes, glucose tabs, or hard candy on hand.
- Emergency Contact List: Posted by the shop phone (EMS, Fire, Poison Control).
- The "Cooling Station": Access to cold water and clean towels.
