

The Federal Aviation Administration is coming to Navajo Nation to highlight the societal, economic, and educational benefits of drones for emergency responders, local government, educators and students, through a series of sessions and activities. Admission to the event is free. Please note that there may be costs for lunch.

**Droning On: Navajo Nation Edition** will take place September 25 - 27, 2023 at the Navajo Nation. The event will be one day of panels, lectures, and demonstrations.

Monday, September 25: **Public Service Day**

- Public Safety training
- Panels on Rules and Regulations
- Government best practices and resources

Tuesday, September 26: **Drone Educator Day**

- Learn about K-12 and post-secondary schools with UAS programs
- Information on careers in drones
- Tools for educators

Wednesday, September 27: **Drone Education Fun Day**

- Fly a drone!
- Drone Simulators
- Racing
- Hands on activities

Drone demonstrations will happen each day!

Come talk with professionals and experts about drones, learn about their many uses, and have fun.
