To Whom It May Concern

I am pleased to provide a reference for **Rayshawn Woods**, with whom I had the opportunity to work for a short period of time.

During the time we worked together, Ray was always punctual and consistently arrived on time for our meetings. He was also very responsive to messages and communicated promptly when needed.

Ray came across as an enthusiastic and positive person, and I found him to be trustworthy and reliable in my interactions with him.

I would be happy to recommend Ray and wish him all the best in his future endeavours.

Kind regards,

Aviva Ezra
