We are very pleased to announce that **Advantis Credit Union** has successfully implemented **Fusion CRS™** as its new collection and recovery software platform.

Advantis Credit Union chose Fusion CRS as its collection and recovery software solution primarily for the following reasons: 1) our consolidated, flexible, and very robust capabilities; 2) our willingness to work with them to configure Fusion CRS to meet their specific needs; 3) our outstanding reputation for providing high quality support and service; and 4) our certified **Fiserv® XP2™** core processing integration capabilities.
