WHO ARE WE ?

Warwick Road Medical is a privately owned general practice in Ipswich.

Ipswich is a great place to live and work. Our suburb is filled with heritage listed homes and century-old parks to enjoy the the open spaces.

The local cafes host delicious menus and the small boutiques are a shopping delight.

We're also just a few hundred metres from the central medical district where the local specialists congregate.

The newly fitted-out space is bright and generously lit with with natural light.

We have a large, well-equipped treatment room as Dr Walker has a keen interest in skin procedures.

WRM uses modern software which gives us an advantage, especially during lockdowns, as doctors can work remotely with full admin and tech support.

Don't even think twice about making the move. You will not regret it!

WHAT WE CAN DO?

- Negotiate attractive contractual conditions
- Support your goals
- Encourage your professional growth
- Create a welcoming space you enjoy

WHAT MAKES US DIFFERENT?

- We know our town and are dedicated to our community.
- We are actively engaged in local community sport and proud corporate sponsors of Ipswich Basketball.
- As long-term residents of Ipswich with varied professional experience, we have fostered genuine relationships across the health sector.
- We welcome and engage in collegiate relationships with other medical practices in our city.
