DISCLOSURE

Please be advised that your clinical team utilises voice recording and AI technology to assist in creating draft medical notes during your consultation.

This helps them to focus more fully on your care and ensures accurate record-keeping.

The technology conforms to medical privacy laws and best practice. No data is shared with other parties. All voice transcriptions and relevant data is deleted after being added to your medical record.

If you have any concerns about this process or would like to discuss this further, please don't hesitate to speak to our reception staff or your GP.
