Effortlessly and sustainably blend stunning artwork with essential internal messaging, event promotions, and celebrations of special occasions

Elevated Ambiance:

Enhance your property's aesthetic with elegance and emotional resonance, offering a sophisticated and non-invasive way to enrich your customer's experience

Change the scene any time

The Vieunite Pro digital canvas is a state-of-the-art 27 inch framed screen designed to showcase licensed digital artwork - from classic masterpieces to contemporary commissioned works by living artists. Our content management system allows you to access and publish artwork across multiple canvases with ease.

The Textura digital canvas displays curated art alongside pre-uploaded images, company branding, and communications. Our advanced texture-accurate technology captures the fine details of each piece, delivering an incredibly lifelike experience.

We partner with galleries worldwide and hold exclusive licenses for original artworks valued at over £500 million - viewable on multiple screens and locations, all managed remotely.
