

Hello and thank you for giving me the opportunity to teach you the basic knowledge, skills, and attitude for owning and using a pistol safely. **You will be part of Class # 11-21 on 13-NOV-2021. It will take place at The Homestead Training Center ("HTC") - 11700 SW 304th St, Homestead, FL 33033. Scroll to bottom of document to see map to HTC and actual classrooms.**

I've attached the course outline. Please review it thoroughly and call me well in advance of the class if you have any questions about the outline or anything contained in this email. My number is 305-582-6991.

The course is designed to teach you how to own and use a pistol safely. This is an approved course as defined by the State of Florida that serves as the training qualification for a concealed weapon license.

- Cost: \$95.00 (check, cash, Venmo, or Cash App)
 - My course is more expensive than what you will see on GroupOn, but you get what you pay for.
 - Most GroupOn or gun show courses run only two hours with and proficiency is demonstrated by showing you can fire a single round. These courses also tend to have very large class sizes as well.
 - My course runs eight (8) hours, covers the subject matter in depth, and has qualification requirement that consists of firing 20 rounds into a specified target (see attached course outline). I also keep the class size to under 10.
 - I will provide the gun and enough ammunition for both practice and qualification. You can use your own gun if you wish, but you must provide your own ammunition.
 - **My course includes an optional (no extra cost) range portion covering specific drills using your own gun, ammunition, and equipment. A limited number of loaner guns are available, but you have to cover the cost of ammunition. Call me ahead of time to coordinate – 305-582-6991.**

 - Ammo has become very scarce and expensive in the last year, especially typical self-defense calibers (9MM, 40, 45, 38spl). I suggest
