

MASOUD SAMAN

MD, FACS

DALLAS' TOP DOC IN LUXURY AESTHETICS

*"We offer more than
aesthetic treatments, we
are creating a work of art."*

- Masoud Saman, MD

 @DallasFaceDoc

Double board-certified Manhattan, Dallas, and Europe-trained facial plastic and reconstructive surgeon, Dr. Masoud Saman's modern and artistic approach to aesthetic care has been a much-welcomed philosophy for patients seeking elegant, natural, and long-lasting results in a luxury setting with minimal downtime.

BESPOKE | MODERN | MINIMALLY-INVASIVE

Your aesthetic journey at DallasFaceDoc is an experience to behold. We do not offer every aesthetic treatment under the sun. We also do not offer many à la carte treatments. There are plenty of other places for that. Here, treatments are tailored to the individual patient, based on their wishes, anatomy, and aesthetic goals. Every face is unique and different and so should be every treatment plan.

NO PAIN, A TON OF GAIN

The old adage "no pain, no gain" just does not hold true at DallasFaceDoc. Thanks to our multi-modality approach to numbing and relaxation (including Dr. Saman's gentle approach, use of nerve distractors, and in-office laughing gas) we are able to ensure a comfortable and relaxing experience.

RHINOPLASTY (NOSE RESHAPING)

Dr. Saman is a rhinoplasty specialist and board-certified in Ear, Nose, and Throat surgery as well as Facial Plastic Surgery which uniquely qualifies him for performing nasal surgeries that are both functional and aesthetic. Most rhinoplasty patients have been bothered by the shape of their nose since they were 11 or 12 years of age. By the time they are finally ready to move forward with surgery, they have a good idea of what changes they would like to make. "One of the most important things I want my patients to understand is that rhinoplasty should not fundamentally change the way you look," says Dr. Saman.
