

Masoud Saman, M.D. / DallasFaceDoc, PLLC

RHINOPLASTY & FACIAL COSMETIC SURGEON

Board certified in facial plastic surgery and ear, nose and throat surgery, Dr. Saman has a unique understanding of facial structure and surgical anatomy. What sets him apart is his masterful surgical execution and his artful vision and eye for beauty.

Dr. Saman specializes in aesthetic treatments of the face and the neck with emphasis on rhinoplasty (nose jobs), minimally-invasive facelift surgery, lip lifts, buccal fat removal, blepharoplasty and jawline contouring.

"We are not merely providing aesthetic services," Dr. Saman says. "We are creating works of art that ultimately result in a more radiant and confident patient."

His practice, DallasFaceDoc, PLLC, with boutique luxury offices in Plano and Highland Park is a cut above what you may have experienced in cosmetic practices. "Here, everything is premium, top of the line, cutting-edge and state-of-the-art. Every treatment is bespoke and highly customized," Dr. Saman says.

Dr. Saman trained under some of the best rhinoplasty and facelift surgeons in the world, travelling to France and New York. His list of services is a thoughtfully curated assortment of safe, effective and elegant treatments that provide real results. He is also the Medical Director of Head and Neck Oncologic and Reconstructive Surgery at Medical City Plano which has become one of the top head and neck reconstructive programs in North Texas under Saman's leadership.

Recently, Dr. Saman was selected as a Visiting Scholar for the European Academy of Facial Plastic Surgery program and will be going to France to bring back the latest, most novel techniques in Preservation Rhinoplasty.
