

Central Montana Reined Cow Horse Association

This association is for the promotion of the reined cow horse in Montana. We provide reined cow horse clinics and competitions which accommodate beginners to seasoned showmen, women and youth. We pride ourselves on developing all-around cow horses using proper horsemanship and good sportsmanship in a family oriented environment.

The Central Montana Reined Cow Horse Association (CMRCHA) was formed in 2013 by a group of horse enthusiasts dedicated to advancing the reined cow horse in Montana. We are an affiliate of the National Reined Cow Horse Association. It is a fast growing organization upholding traditional vaquero horsemanship and promoting the sport of riding and showing exceptionally trained reined cow horses. Any age, any level of riding skill and any breed of horse is welcome to compete. We currently put on 5 shows per year ranging from Miles City to Billings (including the NILE) to Livingston and attracting competitors from all over Montana and many neighboring states.
