- Sarah Woody
- Solicitor Marissa McAndrew
- John Kameen
- Joe Unis
- Melissa Brazel
- Dave Trichlo

• **VISITORS: KBA** – Tony Grizzanti;

• **PUBLIC COMMENT** - NONE

**Discussion Topics Review/Discuss:**

Tony Grizzanti of KBA Engineering opened the discussion about the East Side of Main Street Multi-modal Transportation Grant. PennDot will look at the boroughs plans for constructability and have a constructability meeting. The bid will then go out state wide and the borough will have no say of choosing a contractor.it was talked about shortening the width of the sidewalk and widening the road. Tony explain that this is more of a State Road Project not a Sidewalk Project which we are now doing. Much discussion about this widening the road could possibly be incorporated into the grant for the 600 block of the east side of Main Street.

Next topic of the discussion was the Quality of Life Ordinance. Some various violation items were discussed and asked to be changed/removed and Solicitor McAndrew said she would take care of this. Solicitor McAndrew will send a draft copy out to everyone before Aprils meeting. Ordinance “Quality of Life” will be on the April 7, 2025 agenda; motion to approve to advertise and then vote to be adopted at the May meeting.
