

*Maurice Sutton, former Vice President (2014-16), Men of McNair*

*As a former student of Dr. Ronald E. McNair High School and former Vice President of the Men of McNair program, I was given many experiences and opportunities that will stay with me for a lifetime. Men of McNair allowed me to build leadership and life skills, as well as sustain high academic achievement.*

*The Men of McNair program facilitates an environment where students can learn and achieve at the highest levels. It draws out the greatness in students, while changing the lives of the young men in our school, by providing them with a safe, positive, and engaging environment. Men of McNair programs prepare and inspire young men to achieve more than what society expects of them and helps them to believe that they can do anything they put their minds to do.*

*I strongly encourage any male student to become a part of Men of McNair. I also encourage all schools to adapt the program as it helps develop character and builds skills that have not only benefitted my life, but the lives of many of my peers that have come through the program. I am the Men of McNair and will always be a Man of McNair.*
