**Federal law, in particular, 7 U.S.C. §5940(b)(1), entitled "Legitimacy of Industrial Hemp Research," encourages growing, cultivating, and marketing industrial hemp products pursuant to these pilot programs, and by the rights and protections thereby established, CBDHemp.direct proudly offers this legal industrial hemp flower high in cannabidiol (CBD) in the United States.**

**According to 7 U.S.C. §5940, the term "industrial hemp" means the plant Cannabis sativa L. and any part of such plant, whether growing or not, with a Delta-9 tetrahydrocannabinol (Delta-9 THC) concentration of not more than 0.3% on a dry weight basis. Only the Delta-9 THC level is relevant, not THC-A. As shown by the enclosed Certificate of Analysis, this hemp flower has a Delta-9 THC level on a dry weight basis equal to 0%, well below the 0.3% maximum level and, therefore, this flower is hemp, not marijuana, and is perfectly legal to possess and sell. This right applies in any state pursuant to the Full Faith and Credit Clause, Article VI, Section 1 of the Constitution, the Supremacy Clause, Article VI, Section 2 of the Constitution, and the Equal Protection Clause, Section 1 of the Fourteenth Amendment.**
