

## School Oral Health Program

Tiny Teeth Express provides oral health services to children within WA state schools, during school hours. All services are free for Medicaid & state insurance covered children and are provided by a gentle and experienced Registered Dental Hygienist. We bill private insurance as well. There is never a cost to the school or center.

We make it fun to create a positive dental experience for children!

### Simple Process

Contact us to schedule. Parents/guardians sign-up online or return provided consent forms to your school or center.

### Comprehensive Services

Screenings, cleanings, dental sealants, fluoride application, and education all given during school hours.

### Proven Effectiveness

Programs like Tiny Teeth Express are endorsed by the CDC, proven to reduce tooth decay & dental emergencies by up to 80%.

### Clinic Day

Each child called for a 5-7 minute visit with our dental team. We get kids back to class ASAP.

### No Child is turned away due to inability to pay!

Our services are billed to Medicaid as a school based program, therefore do not interfere with regular dental visits!
