PROUDLY CELEBRATING LEWES' CONTRIBUTION TO AMERICA'S 250TH

As Lewes prepares to celebrate America's 250th anniversary, local artisan Michele of Sand N Stones has created a commemorative design that beautifully captures the spirit of the "First Town in the First State." Delaware's role in the signing of the Declaration of Independence in 1776 is undeniable, and this milestone offers a meaningful opportunity to reflect on the founding ideals of liberty, self-governance, and civic responsibility.

Throughout the year, Lewes will come alive with special events honoring this historic occasion—celebrating not only our nation's beginnings, but also the shared history, growth, and enduring spirit that continue to shape our community and country. For more information visit www.Lewes250.com

Inspired by this legacy, Michele along with local artisan Pauline Powell—has brought the 250th design to life across a collection of thoughtfully crafted items. These include lapel pins (with or without magnetic backing), magnets, drink and car coasters, tote bags, garden flags, and postcards, all available at Sand N Stones on Front Street.

Each piece offers a unique way to commemorate this historic anniversary while supporting local artistry. Stop by the shop to explore the collection and take home a meaningful keepsake celebrating Lewes's place in America's story.

Delaware — The First of Fifty

This new puzzle celebrates Delaware's proud place in American history through authentic First Day Covers and historic postal cancellations. Designed by Michele Buckler, it reflects a lifelong love of Delaware, inspired by her mother's passion for commemorative stamps. Each original marking highlights moments that shaped the state, creating a visual story of heritage, independence, and pride. Available this week at **Puzzles** on Front Street, with a postcard version also offered at Sand N Stones
