

LOOKING FOR 20 BADASS WOMEN TO BECOME FOUNDING MEMBERS!

We're thrilled to invite you to join Chicks United, an exciting new service-sharing initiative tailored specifically for women eager to connect, collaborate, and support each other through shared services and resources.

As a founding member, you'll play a pivotal role in building a dynamic community where members can trade their skills and services, and foster a spirit of mutual support and empowerment. But that's not all!

As our membership grows, we plan to secure exclusive discounts from local businesses for our members, ensuring access to essential services at more affordable rates.

Moreover, as part of our commitment to your personal growth, you'll have access to free monthly group coaching calls and informational zoom meet-ups, where members can become better acquainted with community resources and services.

Together, we'll forge a collaborative network of like-minded women united by a common goal: to uplift and empower one another.
